Because Learning Never Retires

## WHO WE ARE

Osher Lifelong Learning Institute (OLLI) is a program designed for older adults who share a love for learning throughout their lifetimes. Members enjoy innovative and enriching programs in a congenial setting with others who share their interests. Although most members are retired, you do not have to be a retiree to join. Nor do you need to be a UWM graduate or otherwise associated with the University. Osher is for people of all educational backgrounds. A desire to learn and to actively participate are the only requirements.

Osher is one of 122 Institutes around the United States from Maine to Hawaii offering lifelong learning opportunities for older adults.

Members receive the bimonthly newsletter and program catalog, which list courses, programs and other information about the organization and its members. Activities are scheduled the year round in daytime hours normally convenient for members.

Osher is supported by the UWM School of Continuing Education, through staff assistance.
