2005 Graduating Senior Survey Student Comments School of Information Studies

"Why" or "why not" responses to question "if you had to do it over again, would you choose to attend UWM?"

As an adult, returning student, academics was the most important aspect of my overall education. UWM has sufficiently provided that.

Everything was okay.

Good campus atmosphere and good classes.

Good education for the price of tuition.

My major focused more on the theory of how things happened than actually hands-on experience.

I like the small campus setting within a big city. I found the classes to be enjoyable also.

Its a good school and it is fully equipped with professional faculty and staff. There are also fully equipped computer labs with Internet access all over campus.

Milwaukee has the right mix career oriented but still the community atmosphere

Nice campus, nice selection of classes

The urban environment along with the diverse student population adds to the education values of the University.

UWM has the best instructors, a nice campus, and great opportunities for employment.
