

**2009 Graduating Senior Survey Student Comments
School of Information Studies**

If you had it to do all over again, would you choose to attend UWM?	Why or why not?
Probably	I would probably go to another school because UWM isn't a great environment
Definitely	I enjoy the larger campus closer to the metro milwaukee area.
Probably	Under the same circumstances, I probably would have, but if I had the financial means, I would have loved to go to USC.
Definitely	It is close to home and in the city of Milwaukee.
Definitely	UWM is the only university offering a undergrad in information in this area.
Definitely	It's a great school and it has what I needed
Probably	Classes seem to be restricted to one professor, or time of day. Not a lot of flexibility in the Spring
Definitely	The online option was amazing! The goal of getting a degree seemed so far out of reach for me until I heard about this distance program.
Probably	I've learned a lot here.
Probably No	The people, the weather, and the city.
Definitely	Great school.
Probably	UWM had more choices in majors than my first choice.
Probably	Affordable and many majors to choose from.
Definitely	The ability to complete my degree online was a major positive in my decision to attend UWM.
Definitely	The campus is fairly close to where I live, and I got to live at home. When I started at UWM I didn't think how beneficial it would be. The teachers have been great to talk to and they were helpful on telling me how the courses and programs were run
Definitely	UWM is close to home and facilitated and easy transition between working full time and attending classes full time.
Probably	Yes, I really enjoyed my time on campus and the professors were great.
Probably	The material of my major will definitely help me in my career choice.
