

2011 Graduating Senior Survey Student Comments
School of Information Studies

If you had it to do all over again, would you choose UWM?	Why or why not?
Definitely	The professors The ease on online classes The ease of online availability for any concerns related to my program.
Definitely	I appreciate the flexibility and structure of classes for distance education.
Definitely	I've always preferred Milwaukee since high school, and have always been fond of the city.
Definitely	Location, Course of Study, and the advisors willingness to work we my transfer credits
Definitely	The School of Information Studies is a great place to be.
Definitely	The SOIS Information Systems and Technology program was the best fit for my work experience and the career direction I wanted to pursue. Also, the availability of online courses was key to my attending UWM and completing the requirements.
Definitely	UW-Milwaukee was a good distance from my home town, where I was close enough to home but at a comfortable distance to begin my independence.
Probably	Because of great learning experience here at UWM.
Probably	I enjoyed the instructors and the help received from them. The only complaint I would make would be the English pass/fail system. Going a whole semester doing a lot of writing and reading only to find out you my fail the class because your paper is missing a single course grade in my opinion is not to fair to the student. That is my largest worry right now seeing that I'm set to graduate this May and English 102 is a course in my last semester.
Probably	I'm a 2nd degree, adult student. Close to home.
Probably	Like the online format to obtain degree.
Probably	Location
Probably	Uwm is a great university, but there so many of the general education and electives that are require for the major.
Probably	Yes, UWM was close to home and I like the campus layout.
Probably No	As a semi-professional musician outside of UWM, I was not allowed to take music classes (me being a non music major). I met with advisors and offered to audition take tests in order to take a music course but was still not allowed to.
Probably No	I live in NYS
Probably No	Switched my major here and might explore other schools for the same type of degree.
Probably No	UWM is a great school, but a very large university. I would probably choose a school that is smaller so that I could connect with my campus more.
