Choose UWM again?	Why or why not?
Definitely	<p>Amazing Architecture Program!</p> <p>Excellent school for architectural design and has inspired me to work harder for what i want to achieve. Has best architecture program that's near my house.</p> <p>I am from Wisconsin and payed in state tuition. I liked that the architecture program was more technical based than the university of minnesota.</p> <p>I love UWM</p> <p>I really enjoyed both UWM and the city of Milwaukee. I plan to return in the future to seek a graduate level degree.</p> <p>I was satisfied with my overall experience</p> <p>I'm happy with the education I received here.</p> <p>In-state tuition; Great architecture program; Wonderful city</p> <p>It is the only Institution in Wisconsin with a four-year Architectural Studies Degree.</p> <p>I've had a lot of great opportunities while here at UWM and wouldn't change that for anything.</p> <p>Only school in area with my degree program</p> <p>The amount of money saved due to scholarships, along with the quality of education both played a large roll on the amount I gained from an education at UWM</p> <p>The architecture program was great in terms of its rankings, professors, classes and opportunities. I truly enjoyed the experience.</p> <p>The education and experience was extremely beneficial.</p> <p>The program has taught me many skills essential in my career. The design aspect of UWM SARUP as well as the studio atmosphere was an experience that I will never forget.</p> <p>The staff is very knowledgeable and extremely helpful! All of the staff strongly encourage learning.</p> <p>The UWM Architecture school was a good fit for me and my learning style.</p> <p>This university was a great value and I love Milwaukee.</p> <p>UW-Milwaukee has a great support staff and faculty. The campus community is friendly and knowledgable.</p> <p>Yes, Great institution, It has expanded my mind and allowed my future professional growth</p> <p>Yes, I wanted to study architecture and I always wanted to experience a bigger city, coming from a small rural area. I also became close with many new people.</p> <p>(blank)</p>
Probably	<p>A high reputation as a distinguished architectural design school.</p> <p>Because it is the only school that offers Architecture</p> <p>Definitely not comparable to UW Madison, but it is the only UW school that offers architecture in the state. But overall, had the most amazing experience of my life the past 4 years here!</p> <p>Great Arch program</p> <p>Great location for school bar none.</p> <p>I feel I have learned a great deal while I attended UWM.</p> <p>I like architecture school here, make me learn a lot.</p> <p>I like being close to home.</p> <p>I really enjoyed my time at UWM but I've always wondered what if I went to a different school.</p> <p>If I wanted to persue this major this is one of the only schools I was willing to attend due to cost and location</p> <p>It is the only Architecture program in the state. The program was good, but it could be a lot better. it might hve been nice to go to college in a different city since i grew up in milwaukee, but i enjoyed my time here</p> <p>it provides the only school for the major i was in, within the state of Wisconsin. It also is suppose to be a good school for preparation for the work force.</p> <p>it requires to much general courses that are not necessary. ESL needs to improve in its methodology. Also the food can be more local restaurant.</p> <p>its a nice university, and the studios were challenging and rewarding based on who your professor was. Location</p>

Choose UWM again?	Why or why not?
Probably	Milwaukee is a great city! Milwaukee is located in a very interesting area that relates well to architectural design Only architecture school in Wisconsin Only school in the state with Architecture Only state school that offers an architecture degree. The community within my school was great, I really enjoyed the architecture program The other option was UW-Madison with a career path in the medical or business field. UWM has many offerings, but it lacks consistency in its courses across each semester / student. The campus is a bit of a challenge, and safety is a tremendous issue. Additionally, it's hard enough to maintain a healthy lifestyle in this degree field, and it is even harder when facilities such as Klotsche are impossible to use comfortably due to overcrowding. UWM is the only university in the UW system that offers my degree. UW-Milwaukee offers the major for the career field of my choosing.
Probably no	Would have preferred a campus that interacts more with the city it's in as well as a campus with more diversity/acceptance toward diversity Good education I enjoyed my experience at UWM, however, I wish I would have chosen a school further away or a smaller private school for personal reasons. I have loved my experience here. The idea of experiencing another city is tempting, but UWM offered everything I was looking for.
