

2015 Helen Bader School of Social Welfare Graduates

"If you had it to do all over again, would you choose UWM? Why or why not?"

Definitely

A diverse student population and the chance to live in an exciting city.

Diversity!!!!

Great atmosphere on campus in my home town

Great school with great teachers

Has the degree I want.

I enjoyed all that UWM had to offer.

I enjoyed my classes and the campus is beautiful.

I enjoyed my classes and the environment.

I feel that I obtained a great education at UWM

I had a great experience here. All my professors were great resources and helpful, interesting people. I learned and grew so much here.

I have had a fantastic four years at this University. I have been challenged and through those challenges grown as an individual and

I have had such amazing and positive experiences here, that I am sad to leave. It has given me everything I could ever want in my education.

I honestly enjoyed the classes, community, and people.

I love the diversity here at UWM. I love the activities that are done here. The social work professors are awesome and have so much experience! The staff here are well educated as well.

I love the school and the campus. I had a great learning experience at UWM.

I love the social work program here at UWM and found it a great experience.

I loved my experience here.

I met a lot of great people here and I loved being a part of the Greek life here and also UWM has a wide range of great and different classes to take. The professors were very helpful and there was so many awesome activities on campus to do.

I received a great education here. I would surely not mind having the same professors all over again.

I transferred from Milwaukee Area Technical College to University of Milwaukee a little worried at first that I might fit in and it might be overwhelming but that was not the case. It was such a wonderful experience everyone was so helpful with any questions I had. My advisors were easily accessible and that amazed me considering the many students that come in and out of that office daily. Such a great school I loved my experiences here.

I wish I began my college career at UWM instead of having to transfer here after my Freshman year.

It has a diverse and friendly campus with quality professors and a variety of classes, close to home, and where my parents went.

It is a cheaper school and you get a good education.

It's been awesome to come back and finish strong after having problems many years ago.

My experience has been a great one. I have had some great professors and made some amazing friends. I spent three weeks in Austria, Germany, and Italy for taking classes over my 2014 summer which I never once considered until I came to UW-Milwaukee.

Overall the atmosphere at UWM is a good one for Veterans. There was a good network of people and things for people like us to get involved in.

The atmosphere was a really great experience. I met a lot of fantastic people as well. The classes weren't so bad and they layout of the campus I really liked. I love the city.

The diversity of campus and experience of the professors was excellent.

The professors are willing to work with students to understand the material in the courses
The professors were knowledgeable and willing to provide out of classroom time to assist with questions and ensure students were retaining knowledge, even in classrooms with a large number of students.
The Social Work Program has been better than I expected and that is what is most important for me in regards to my education.
The staff is amazing.
The staff, the layout of the campus, and the surrounding community all encompass into a world-class experience that I would recommend to anyone considering colleges for their undergraduate.
This University was my first choice. My mother also graduated from here, and it was a fun adventure.
This was my reason for moving to Wisconsin, because I was accepted to UWM, plus it was cheaper than UWMadison.
UWM gave me a true college experience and the American Indian Office made me feel at home
UWM has proven to be my second home. I am comfortable, happy, and always accomplished when at UWM. I continue to recommend UWM to all those who ask.
UWM is amazing and offers so many different opportunities.
UWM was a great choice for me because of the opportunities, access to resources, and it is urban environment.
UW-Milwaukee has a great criminal justice program!
Yes because it is an excellent school with many resources.
Yes because the diversity can't be beat and the staff is very helpful. All around great experience.
Yes I would have come to UWM in the first place. I went to Oshkosh first to play football but my body could not handle it. If I were to do it over again I would come to UWM right away for my degree as it is closer to home and many of my friends came here to UWM
Yes, after completing two semesters and adapting to the environment. I also received support from my peers and faculty.
Yes, The university is very flexible and resourceful.
Yes, UWM is a great campus and has very good instructors
Yes. I love UWM.
Probably
Because they have a good Criminal Justice program, and I want to become a police officer.
Enjoyed the diversity and numerous opportunities available in a large city.
Good campus
Good experience overall
Great school, Great track and field program.
I enjoyed all of my course work and found all of my classes very educational
I enjoyed my time spent at UWM and it was a very smooth process.
I enjoyed the diversity this campus has
I feel like I enjoyed most of my classes and got a good education at UWM.
I have enjoyed my experience here.
I like it here
I love the city and the classes.
I love the city of Milwaukee and UWM is a good affordable public school.
I love the diverse choices of programs here at UWM. When I came in as a freshman I didn't know what I wanted to major in, and through the many different options and help from faculty, I found my passion. I know if I started over, I'd receive the same guidance I did in my time here.
I really enjoyed all the classes and professors. I also enjoyed the campus very much.

I would chose UWM again due to the fact that I am close to home in case I need to be with family. Also, UWM has a greta criminal justice program.
It is close to home and very affordable
It was a great experience here in a bigger city. The campus also had a lot to offer as well.
It was close enough to home that I did not have to pay for room and board.
It's really expensive.
Location was convenient, however I feel the prerequisite classes for all students needs to be re-evaluated.
Love the School and instructors, however; commuting traffic and parking was always a problem.
Probably because I wasn't sure of exactly what I wanted to major in; and UWM has a lot of majors to offer to students.
The faculty at UWM was pretty good. Although it's not as prestigious as other schools, like UW-Madison, the school is close to my job and home
The University has a lot to offer and I enjoy the atmosphere, however I did not like having to take so many classes unrelated to my area of interest
They have a wonderful Social Work program. However, I wish I would have been advised sooner to pursue a major in Social Work.
UWM is a great a school, however some of the professors' that are teaching here needs to be re-evaluate.
Probably No
Despite being cheaper than a private school, there are many ways in which UWM has made it clear that they are not about education but about getting more money. Many times the professors are either underpaid or underqualified and class sizes can be giant. Many programs and classes need a lot of work and this is not being addressed.
Did not like living in such an urban city.
I feel that for what I was pursuing I could have been better. Just seemed like teachers were running through the motions and information thrown down our throats instead of anything interesting to learn in criminal justice.
I felt that my fellow student were not as intelligent as I am, and were not as serious about good grades. I would aim for a more competitive environment in the future.
I have had some issues with some administrators and for being a commuter college parking is a hassle.
I like the campus and being close to downtown. I also enjoyed the classes I took.
I liked UWM as a school and the campus was beautiful but I would prefer to go somewhere warm if I had to do it again.
Maybe not so much. I transferred from Uw-Oshkosh and I loved the school but it just became too much for me. UW-Milwaukee is okay but it doesn't have the sense of inter-community that I experienced at Oshkosh.
My first choice would've been Carroll College, but UWM was cheaper.
Would like to try somewhere new. Being mainly a commuter school the parking was ridiculous.
Would've liked to leave Wisconsin.
