Diversity Fellows Program 2012

DIVERSITY FELLOWS PROGRAM 2012

The Diversity Fellows program at the University Wisconsin-Milwaukee (UWM) is a campus-wide initiative that supports departmental efforts to increase campus diversity. We are committed to preparing our students to be effective citizen-leaders who respect and appreciate the dynamics of a pluralistic world.

The Diversity Fellows Program provides an opportunity to gain an understanding of the professorial experience in the academy. It also provides opportunities for Fellows to become acquainted with UWM and Milwaukee, while at the same time, allowing the department and UWM faculty to develop collegial relationships with the Fellows.

The Diversity Fellows program is a 6-week residency at the UWM campus. Fellows will have the option to teach one course during UWM's Summer Session (**May 29 – July 7, 2012**), or to engage in an intensive research experience. You are encouraged to visit the web site (<http://www.diversityfellows.uwm.edu>) to learn more about the Diversity Fellows program activities. Extended year-long fellowships may also be available for the 2012-13 academic year, depending on the needs of the respective departments.

Comments from Previous Fellows:

“The most helpful component was an opportunity to have a relationship with my mentor. I also appreciated very much my department chair taking her time to go over my class evaluations and discuss possible improvements. Additionally, I enjoyed very much having a friendship with the other Fellows.”

“I really enjoyed the opportunity to collaborate with faculty much like those I will be working with after graduation. I also enjoyed the camaraderie that developed among the Fellows.”

“I did enjoy and learn a lot in this program, not only from my department and other academic staff, but also from the Milwaukee community.”

“Overall, I think that this is an excellent program. The experience that I had with my faculty member was fantastic. It was the highlight of the program for me.”
