Think Make Digital Group
University of Wisconsin-Milwaukee
http://thinkmakedigital.wordpress.com/

The Think Make Digital Group approaches the question, “What is the nonhuman turn?” by exploring internet conversations generated in anticipation of and in response to the C21 Nonhuman Turn conference. The group will visualize and analyze its findings after the conference in a white paper. Hopefully, many of the graphics will be included in the book that follows from the Nonhuman Turn conference as well as on the C21 website.

Our tools for gathering information involve:

- Background research into the presenters and topic areas prior to the conference
- Promoting the use of Twitter and a conference hashtag prior to and during the conference
- Monitoring the Twitter back-channel for the conference and cultivating conversation on it around certain themes and questions
- Having a small space at the conference for attendees to respond to questions in writing

Instagram Hashtag Challenge
