

ADVISOR CONFERENCE SHEET
(TO BE FILLED OUT BY YOUR ACADEMIC ADVISOR)

Student Name _____ Program Abroad _____

Student: The purpose of this form is to make sure that the study abroad or exchange program you have chosen will help you make progress toward a degree at UWM. Although you will earn upper or lower level **UWM** credit for courses taken overseas, not all degree requirements can be fulfilled on these programs. A meeting with your advisor is intended to: 1. make you aware of campus requirements which need to be fulfilled on-campus; and 2. help you choose (together with the Overseas Programs office) appropriate courses overseas. CIE Overseas Programs considers this an important step in the study abroad or exchange program application process.

Student ID Number _____ Major _____ intended declared Major GPA: _____

Advisor: I have met with the student named above and have discussed with him/her the remaining degree requirements for graduation and possible courses the student wishes to take abroad. The student is aware of any deficiencies (ie- Math/English proficiencies and certain campus General Education Requirements) which cannot be fulfilled overseas. *I have helped the student by calculating the GPA in the major and have listed it above.* Please see my comments below regarding how this study abroad program will 'fit' the students' schedule, and about any special considerations or foreseeable problems.

COMMENTS:

Advisor Signature _____

Name Printed _____

Date of Conference _____
