

The MSW Information Sessions

The Department of Social Work of the UWM Helen Bader School of Social Welfare invites you to attend one of three MSW informational sessions. While the admissions packet contains most of the information you need to give you an overview of the program and the application process, we understand that it is also nice to have an opportunity to meet with someone in person.

We will be holding three information sessions this fall to help you prepare your application for admission to the MSW program for Fall 2010.

At the MSW Information Sessions We Will . . .

- Walk you through the application and admission process
- Explain how our field placement process works
- Answer the question: "Can I work and go to school at the same time?"
- Answer as many of your questions as time allows
- Introduce you to some of the faculty and staff in the Department of Social Work.

Please RSVP . . .

Space is limited so we ask that you call 414-229-3998 to reserve your space for one of the three dates listed. Be sure to call as soon as possible to guarantee a place!

Parking . . .

Parking is available either in the Union parking garage, the Klotsche Pavilion parking garage or on streets in the residential areas near campus. Please see the map of the UWM campus in your informational packet, or at our website at:
