

UWM Emergency Contact Database

An emergency contact database is available to all UWM employees with an ePanther ID. You can log onto the database via a web browser using your ePanther ID and password to enter personal contact information. The specified contact would then be notified in the event of a medical or other emergency involving you.

A link to the emergency contact database can be found at the Human Resources web site at <http://www.uwm.edu/Dept/HR>. Alternately, the URL to connect directly to the emergency contact database is <http://www4.uwm.edu/hr/ecd/authenticate.cfm>.

*For new employees or employees without computer access, your unit's Personnel Representative can assist you with the entry of contact information, or you can complete the form below and turn it into the Human Resources Office, Engelmann Hall, Room 125. **Please print clearly.***

Employee Name: _____

School/College/Division: _____
