

MINTUES/LGBT ADVISORY COMMITTEE
'UPDATE' RETREAT

July 11, 2008 • Mitchell Hall 341•9 - noon

Present: Ed Burgess, Michael Doylen, Jen Murray, Sarah Morgan, and for the first ½ hour: Todd Biederman, Patricia Villareal

Proceedings

After some weeks of researching a variety of approaches to policy statements covering Domestic Partners, a small working group of committee members convened to draft an update of the existing 2003 Domestic Partnership Policies and Procedures for our campus. This revision, once agreed to by a majority of our committee, would then be subject to review by higher administration and others before emerging as the up-to-date policy it is intended to be.

Our update was completed and will be presented formally to other members of the committee at a future meeting w/ next steps to follow once higher administration advises us as to standard practice in these matters. Michael suggested that we remove the list of available DP services and benefits from our revision and volunteered to request that the campus's Human Resources website agree to maintain this list of available DP services and benefits.

The group agreed to meet again during the week of August 11.

The group adjourned at approximately 11:50am

Respectfully submitted,

Interim Chair Ed Burgess
