6. Other:

**Study Rooms** in the CON- R. Roska brought up many ideas ie... use of study rooms, study rooms available on days of requested use, reserve rooms on line. Thus far, the rooms are not available to students. CON is looking at a system to allow use of rooms on the day of request.

**Extended NLRC hours during testing times.** CON must follow University hours. Some buildings on campus have greater access for students. Discussed survey done in past measuring NLRC use. Will consider a new study to review usage.

**SIMulation models-**Models at the CON are getting old. The life of the models may be coming to their ends. SIM man was purchased in 2004 and HAL and NOELLE were bought in 2005.

**Curriculum changes for Fall 2012-**Discussed CNA course. CON tried to be a testing site, currently testing through Red Cross.
