Excused: Melody Escoto, Ryan Smith, Barb Ensor

Introductions around the room

Conference call with Parkside

May minutes approved

1. Tuition differential: Sue Dean-Baar
 - Dr. Dean-Baar provided Tuition differential report
 - Handout about differential, explanation on use of the money related to tuition differential
 - Received handout and explanation of how the differential money for the NLRC will be used...
 - Computer lab upgrade (completed)
 - Parkside completed but not up yet, maybe Wednesday?
 - FCPII supply kit students don't have to pay for.
 - Partion wall requested that was previously not possible. This summer found a structure that will work. It will take several weeks to receive the structure/ceiling.
 - Rest of money spent...
 - PDA to be paid for, for students downloaded with drug/diagnosis information
 - Sample to view was distributed at class
 - Implemented this fall among 3B, 4A, 4B
 - 3A will get the PDA in the Spring 2007
 - Nursing central software will be loaded on PDA
 - Hand-out about Nursing Central Software information [individualize the downloads]
 - Explanation of the use of handheld software. An update is recommended ever quarter.

Committee voted to give permission for the purchase of PDAs

- Do students get the choice to have to use PDA?
- Students would own PDA
- Students can continue to update on their own.
- Additional Calculations with Davis Drug Guide
- 500 PDA's plus software
- Leave the calculation product up
- product \$180.00 each, retail is \$199.00
- bluetooth wireless capabilities
- high speed internet to download software.
- IMT will not support product/hardware issues

FA Davis (integrated products)

- Is there going to be orientation for product
- More orientation required for instructions vs. students
- License is covering the length of students schooling

Ken: encourages use of library for research

No concerns for the purchasing of the product. Products approved for purchase by B&G committee

Only \$12,000 left

Questions about the list of products needed by NLRC

2. Survey data

- Administered during Blood Borne Pathogen training
- Several topics were discussed, including:

Vending Machine needs

- Cooling needs
- Student lounge construction, student use of lounge
- Hoping decrease in volume is related to construction, need to use to not lose.
- Prices are same as the union, need to understand. Identical stuff.
- Only available when food stand is open vs. vending is there all the time.
- More stuff in vending vs. food stand variety.
- Volume down when the cooling vending were here in the past.
- Once they stocked “good” food in vending and not bought them

Need for change machine?

- College of Nursing is not equipped with a change machine
- Not available in any buildings on campus

Formal Gathering, ball

- professional image...formalize our image
- Large scale of number of student participation

Due to time constraints, further discussion of the survey was tabled until the next meeting

Meeting adjourned at 12:50

Minutes for September: Emily Allred (Thanks!)

Minutes for October: Audrey Hale

Minutes for November: Lisa Mihlbauer
