SUMMER 2014
College for Kids & Teens
Creative Arts
Humanities/Social Sciences
Languages & Cultures
Math & Computers
Science
SCE-KIDS.UWM.EDU
What is College for Kids and Teens?
College for Kids and Teens (CFK/CFT), through the School of Continuing Education (SCE), is a hands-on enrichment program for students entering grades K5-12 who have high academic potential, motivation and talent. Now in its 34th year, the program consists of one- and two-week classes in Creative Arts, Humanities/Social Sciences, Languages & Cultures, Math & Computers, and Science. Taught by UW system faculty or highly qualified and experienced instructors, all programs provide an “academic edge,” and class sizes are limited to 16 students unless otherwise noted.

Please note
• Kindergartners must be five years old by June 10, and must have prior five-days-a-week school experience.
• When registering for CFK and CFT, use fall 2014 grade levels.
• Some classes are designed for a broader range of students (e.g. grades 6-12), and others are more specifically targeted – look for grade levels listed next to each program number.
• Select courses have a $5-25 computer lab or material fee included in the price.

When and Where?
Classes are held Mon.-Fri., June 18-Aug. 8 on the UWM campus, unless otherwise noted. Specific class dates/times are included in course descriptions.

Registration Policy
Once your child or teen is registered there are no refunds or transfers. Refunds are made only for classes cancelled by CFK/CFT.

How Do I Register?
Registration opens each year on Jan. 15. Call, fax in your registration, or go online to sce-kids.uwm.edu to enroll.
(Note: Mailed registrations add several days to the registration process and lessen the likelihood of availability in your desired class.)

Confirmation of Registration
Your receipt and parental permission forms will be emailed to you for completion and return. If you do not provide an email address, you will receive them by mail. You may also visit sce-kids.uwm.edu to download permission forms right away. All participants are encouraged to have their own health insurance, as only limited secondary accident insurance is provided by the University.

CFK/CFT offers summer discounts. The more you enroll, the less you pay! You must register for multiple classes all at once to receive:
• $10 off each on 3-5 classes
• $20 off each on 6 or more classes

Before and After Care
To make things easier for students and parents, we offer supervised care in the Union Terrace Room before and after the program day, for a minimal charge. Chaperoning children to or from class is included in the fee. Come early or stay late. You must sign up for the full week.
• Before Care: 7:30-9am - $25/week or $45/two-week session
• After Care: 4-5:30pm - $25/week or $45/two-week session

- Please note: CFK/CFT only supervises registered students while they are in class or before/after care. Students enrolled in back-to-back classes or before/after care will be chaperoned to their next destination. No extended supervision (longer than the 30 minutes between consecutive class times) is available between 9am and 4pm.

- Please have your child bring a copy of this schedule to class each day so we can make sure they are always in the right place.

- **Aug. 4-8, 9am-1:30pm**: The UWM Writing Project – Teen Writing Academy: Fiction & Short Stories
Exploring Environmental Sciences

Develop an appreciation for the sciences surrounding environmental issues, while discovering southeastern Wisconsin! Visit environmental education community centers; kayak the Root River; research wildlife, water quality, Lake Michigan and its beaches; study habitats including woods, prairies and waterways; examine living organisms in both indoor and outdoor laboratory settings using microscopes and other research tools; and explore the multitude of related career opportunities.

Note: This course is offered in partnership with UW-Parkside, and will include travel to the Racine/Kenosha area at least three of the five days. Visits may include the Kenosha Dunes and the Chiwaukee Prairie. Enrollment is limited to 20.

Fee: $299
Instructor: Penny Lyter and UW-Parkside Staff
Discovery Camp 3, 8:30am-4:30pm
Gr. 6-8, Prog. No. 8410-0135

The Mystery of Sunken Ships – How Accurate is the Weather Forecast?

A Week Long Field Experience
Offered in partnership with the Pentair Foundation

Prerequisite: Students must know how to swim.

Become a storm chaser as you explore the principles of tornadoes, cyclones and severe weather in order to identify how shipwrecks are caused on the Great Lakes. Begin your adventure by taking weather related data of storm boundaries right on the coast of Lake Michigan. Next, snorkel in a quarry to find two sunken boats and their debris fields, and determine if the wrecks were weather related. Lastly, board a dive boat on Lake Michigan to find wrecks off the coast of Milwaukee.

Meet at UWM School of Continuing Education, 161 W. Wisconsin Ave., 7th floor
Fee: $369
Liz Sutton
Discovery Camp 4, 8am-4pm
Gr. 4-8, Prog. No. 7930-1005

Mini-Courses Summer ACT Preparation Class

Prerequisite: Students must have a core GPA of 2.5.

Designed to help prepare 11th and 12th graders for the official ACT college entrance exam, you’ll cover math, reading, English, science reasoning and test-taking strategies. An unofficial ACT pre- and post-test experience opportunity is included. The Mini-Courses office will contact you directly once you are officially enrolled, to schedule. Available dates for the pre- and post-tests are listed below. Note: There will be absolutely no make-up dates, and if you register for this class after the scheduled pre-test dates, you will not have the opportunity to take that test.

PRE-TEST date options: Sat., July 12, 8am-12pm OR Tue., July 15, 5-9pm
POST-TEST date options: Sat., Aug. 2, 8am-12pm OR Tue., Aug. 5, 5-9pm

Fee: $185
Instructor: TBA
Session III, 2-4pm
Gr. 11 & 12 only, Prog. No. 8440-4012
Jump Start Your College Career Now! NEW!

Believe it or not, now is the time to seriously plan on gearing up for admission into your ideal colleges. Prepare for the tests, find the right schools, get a grasp on the application process and formulate that crucial essay – the process can take several years to do right! Get the guidance you need to ease the stress of gathering, planning, practicing and engaging in the activities that will grab attention and make you and your application stand out.

Fee: $144
Marilyn Kindwall
Session III, 2-4pm
Gr. 9 & 10 only, Prog. No. 8440-4011

THE UWM WRITING PROJECT

Introductory Young Writers Camp

Back by popular demand, the University of Wisconsin-Milwaukee Writing Project (UWMWP) sponsors a camp for aspiring writers of all abilities, entering grades 5-8. Meet each day in writing groups facilitated by experienced writers and teachers whose common goal is to inspire the imagination and have fun! Write daily in a creative, supportive environment, and cover a broad range of genres.

- Explore poetry, short stories, plays, graphic novels, essays and more.
- Receive individual instruction and response in small groups from UWMWP writing teachers.
- Learn basic techniques used by professional writers.
- Meet and share your work with young writers from throughout the county.
- Engage in the full writing process: brainstorming, drafting, revising, editing and publishing.
- The camp culminates in a celebration of writing and an opportunity to share your favorite pieces!

New and past participants are welcome to attend.

Fee: $179
Peter Brooks and other
UWMWP-approved instructors
Discovery Camp 1, 9am-1:30pm
Gr. 5-8, Prog. No. 8410-0436

Note: There is a 45-minute, supervised lunch break every day. Please bring a bag lunch or, if you have permission to leave unattended, you can purchase lunch at the student union.

Advanced Young Writers Camp NEW!

The UWMWP offers a follow-up camp for students entering grades 5-8 who have already attended the Introductory Young Writers Camp and wish to focus more time on a particular project or genre. Learn from experienced writers and teachers in genre-specific workshops that will build upon previous experience, and spend more time in small writing groups in order to work on an ongoing project.

- Build upon fundamentals from three genres: poetry, short stories and essays/non-fiction.
- Receive extended individual instruction and response in small groups.
- Learn advanced writing and revision techniques used by professionals.
- Meet and share your work with young writers from throughout the county.
- Engage in the full writing process: brainstorming, drafting, revising, editing and publishing.
- We will host a community event for writers to share your favorite pieces!

Past participants are welcome to attend; we recommend the Introductory Young Writers Camp for new writers.

Fee: $179
Peter Brooks and other
UWMWP-approved instructors
Discovery Camp 2, 9am-1:30pm
Gr. 5-8, Prog. No. 8410-0064

Note: There is a 45-minute, supervised lunch break every day. Please bring a bag lunch or, if you have permission to leave unattended, you can purchase lunch at the student union.
Teen Writing Academy: All Genres

Sponsored by the UWMWP, this course is designed especially for teen students who are interested in practicing writing across three genres: fiction, poetry and non-fiction/essay. Practice writing activities facilitated by experienced writers and teachers that are fun, helpful and inspiring to the imagination!

- Explore concepts from poetry, fiction/short stories and creative non-fiction/essay.
- Select one genre in which to produce a polished piece of writing.
- Learn techniques used by professional writers.
- Receive individual instruction and response in small groups.
- Cultivate a full writing process: brainstorming, free writing, drafting, revising and editing.
- Learn and discuss the process of getting your work published.
- Celebrate writing with a culminating community event designed to share your work with parents, teachers and peers!

Open to all students, even if you have not participated in the Young Writers Camp. You may bring in a piece of writing you have already been working on or choose a piece through our daily writing activities, but we ask that you identify one genre to focus on for the week. For a more genre-specific writing experience, we offer Teen Writing Academy workshops in either poetry or fiction.

Fee: $179

Peter Brooks and other UWMWP-approved instructors

Discovery Camp 3, 9am-1:30pm
Gr. 9-12, Prog. No. 8440-4001

Note: There is a 45-minute, supervised lunch break every day. Please bring a bag lunch or, if you have permission to leave unattended, you can purchase lunch at the student union.

Teen Writing Academy: Poetry

This fun and imaginative genre-specific writing class focuses solely on poetry. Work closely with UWMWP instructors in small groups to learn advanced poetic concepts. Build, and possibly finish, a larger collection of poetry throughout the course.

- Explore advanced poetry concepts including free verse, form and spoken word.
- Receive additional individual instruction and response in small groups.
- Read samples of poetic writing from contemporary and modern writers.
- Learn writing practices and approaches used by professional poets.
- Further cultivate a personal writing process from free writing to drafting, and editing to publishing.
- Celebrate with a community event focused on performing poetry for a live audience!

The more general Teen Writing Academy is not a prerequisite, but you should have a basic understanding of poetic concepts, as you will be applying advanced writing strategies. We also highly encourage students to bring a collection of poetry that you have been working on.

Fee: $179

Peter Brooks and other UWMWP-approved instructors

Discovery Camp 3, 9am-1:30pm
Gr. 9-12, Prog. No. 8440-4017

Note: There is a 45-minute, supervised lunch break every day. Please bring a bag lunch or, if you have permission to leave unattended, you can purchase lunch at the student union.

Teen Writing Academy: Fiction & Short Stories

Learn advanced concepts related to fiction and short story writing by participating in fun and creative activities from UWMWP instructors. Plus, receive additional instruction and feedback on lengthier writing projects or short story collections.

- Explore advanced narrative concepts for fiction and short stories, including characterization, plot and voice.
- Work in small groups, and receive additional individual instruction.
- Learn practices and approaches used by professional fiction writers.
- Study samples of fiction writing from contemporary and modern writers.
- Further cultivate a personal writing process from free writing to drafting, and editing to publishing.
- Explore publishing possibilities and practice.
- Celebrate with a community event focused on sharing your favorite writing pieces!

The more general Teen Writing Academy is not a prerequisite, but you should have a basic understanding of narrative writing concepts, as you will be applying advanced strategies. We also highly encourage students to bring a completed short story or sections of a novel that you have been working on.

Fee: $179

Peter Brooks and other UWMWP-approved instructors

Discovery Camp 4, 9am-1:30pm
Gr. 9-12, Prog. No. 8440-4022

Note: There is a 45-minute, supervised lunch break every day. Please bring a bag lunch or, if you have permission to leave unattended, you can purchase lunch at the student union.
CREATIVE ARTS
sce-kids.uwm.edu

Classes are organized by grade level as well as by subject area. Courses that are offered for multiple grade levels are listed below, followed by courses only available for specific age groups. Please note that the curriculum increases in complexity for each grade level.

Multiple Grade Levels

A Cappella

A cappella is a recent university and high school phenomenon. Get in on the excitement by learning important vocal techniques, such as breathing, blending and listening skills through pop/contemporary songs. Plus, learn and develop other musical concepts like rhythm and harmonies. Demonstrate your new abilities in a concert for your family and friends on the last day of class.

Fee: $94
Samantha LaBrasca
Discovery Camp 4, 9-11am
Gr. 6-8, Prog. No. 8410-0111
OR
Discovery Camp 4, 2-4pm
Gr. 6-12, Prog. No. 8410-0132

Advanced Drawing

Can you draw? Do you want to turn your basic drawings into drawings with value shading and three dimensional depth? Work on these skills, perfect proportion and more. Work with a variety of materials to create realistic images, and take your drawing skills on a new journey.

Fee: $144
Ming Yon Blackwell
Session I, 9-11am
Gr. 6-12, Prog. No. 8410-0409

Beauty & the Bead

Learn about the history of jewelry making as well as current fashion trends. Explore many jewelry making techniques such as beading, wire wrapping and even bead making. Take home a treasure box of jewelry you create during class.

Fee: $144
Erin O’Connell
Session II, 11:30am-1:30pm
Gr. 6-12 Prog. No. 8410-0019

Beginning Filmmaking

Gain knowledge in all aspects of making a movie including writing, production, composition, editing and presentation, while learning filmmaking technique in this hands-on starter course. You’ll complete at least one short film.

Fee: $154
Instructor: TBA
Session I, 9-11am
Gr. 3-5, Prog. No. 8410-0403
OR
Session I, 11:30am-1:30pm
Gr. 9-12, Prog. No. 8440-4403
OR
Session I, 2-4pm
Gr. 6-8, Prog. No. 8410-0424

Creating With Recycled Products

Bring the following supplies in to create your unique pieces of art: juice cartons, milk cartons, plastic soda bottles, newspaper, aluminum cans and anything else lying around that you might want to use. Develop your creativity while saving the Earth’s environment.

Fee: $94
Seon Joo So
Discovery Camp 3, 9-11am
Gr. K5-2, Prog. No. 8410-0068
OR
Discovery Camp 3, 11:30am-1:30pm
Gr. 6-12, Prog. No. 8410-0097
OR
Discovery Camp 3, 2-4pm
Gr. 3-5, Prog. No. 8410-0100

Interior Design Time

Do you watch HGTV? Do you love to shop at Home Depot? Are Architectural Digest and House Beautiful magazines in your room? Do your parents consult you before deciding how to redo the house? Let’s face it, you’ve got interior design in your veins! Come spend some time with others like you and see how you can expand your knowledge.

Fee: $94
Instructor: TBA
Discovery Camp 2, 9-11am
Gr. 6-12, Prog. No. 8410-0063
OR
Discovery Camp 2, 11:30am-1:30pm
Gr. 3-5, Prog. No. 8410-0068
OR
Discovery Camp 2, 2-4pm
Gr. 6-8, Prog. No. 8410-0078

Jewelry and Metals – Texture, Color and Shapes

Explore metal and color in this unique art class! Learn how to create jewelry from metal sheet and wire, with bright color accents of fused glass enameling. Cover basic techniques of art metalworking, including cutting, texturing, shaping and soldering. Learn to work with copper, brass and sterling silver as you create a ring, a pair of earrings and a pendant.

Fee: $144
Michael Bernard and Stephanie Voegele
Session III, 9-11am
Gr. 6-12, Prog. No. 8410-0136
OR
Session III, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0137
OR
Session III, 2-4pm
Gr. 9-12, Prog. No. 8440-4027
Kids on Canvas  NEW!
Learn to paint on canvas paper, canvas board and stretched canvas using acrylics. Get inspired as you learn the techniques, style and vocabulary of such artists as Renoir, Mondrian, Laurel Burch, Jackson Pollock, Modigliani, Warhol, Sam Francis and Frank Stella.

Fee: $144
Erin O’Connell
Session III, 9-11am
Gr. 6-8, Prog. No. 8410-0036
OR
Session III, 11:30am-1:30pm
Gr. 3-5, Prog. No. 8410-0041

Music of the World  NEW!
Learn culture through music – discover traditional music from all over the world, compare it with contemporary music from the same regions, and identify similarities and differences. Sing along to traditional songs, and grasp the historical significance of the music to each culture.

Fee: $94
Samantha LaBrasca
Discovery Camp 3, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0096
OR
Discovery Camp 4, 11:30am-1:30pm
Gr. 3-5, Prog. No. 8410-0117

Musical Theatre
Love to sing? Love to dance? Love to act? Well you can do it all as you learn to perform just like the pros on Broadway. From acting out a great scene to singing and dancing in a group or solo number, learn the secrets of giving a great performance during a musical. So warm up those vocal chords, brush up your facial expressions and dust off your dancing shoes – Musical Theatre is waiting for a star like you!

Fee: $144
Ceci Scalish
Session II, 9-11am
Gr. 9-12, Prog. No. 8440-4003
OR
Session II, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0018

Musical Theatre Madness  NEW!
Get a performance-based introduction to the world of musical theatre. Learn a musical theatre number, complete with choreography, and perform it for family and friends at the end of the week. Have a blast singing popular Broadway songs, as you practice the important aspects of vocal performance, such as warm-ups and breathing exercises.

Fee: $94
Samantha LaBrasca

Meiko Ikeno
Discovery Camp 4, 9-11am
Gr. K5-2, Prog. No. 8410-0106
OR
Discovery Camp 4, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0121
OR
Discovery Camp 4, 2-4pm
Gr. 3-5, Prog. No. 8410-0128

Korean Language & Culture
Do you know the words to Gangnam Style? Have you ever enjoyed K-pop or K-drama? Learn Korean language and build an understanding of the unique culture – from traditional and contemporary lenses. Have fun with special guest instructors covering everything from Taekwondo, to calligraphy, food and more.
Fee: $144
Suyong Yi
Session II, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0016
OR
Session II, 2-4pm
Gr. 9-12, Prog. No. 8440-4005

Intensive Spanish Conversation
Prerequisite: Successful completion of a formal Spanish 2 class.
Read and discuss brief articles in Spanish from a variety of publications: Spanish language newspapers, magazines and bilingual resources. Watch short video clips and join in on a variety of games and activities to stimulate discussion. A list of resources will be provided for those desiring additional practice.
Fee: $249
Pat Prosser
Discovery Camp 4, 9am-4pm
Gr. 9-12, Prog. No. 8440-4023

Japanese Immersion
Japanese is a useful and beautiful language. Dive into it through manga (animation or comic books), while you experience mini culture through Tanabata (the star festival), Undokai (sport festival), shodo (calligraphy), origami, kimonos and much more. Get the most out of international travel, make new friends, improve your current knowledge of the language and culture, and prepare yourself for the future.
Fee: $249
Mieko Ikeno
Discovery Camp 3, 9am-4pm
Gr. 9-12, Prog. No. 8440-4018

“OUR grandSon loved all three courses he took last summer, and wants to go back again. it is so well organized, and the kids are so well taken care of from arrival to departure.”
– CFK grandParent

MATH & COMPUTERS
sce-kids.uwm.edu

Classes are organized by grade level as well as by subject area. Courses that are offered for multiple grade levels are listed below, followed by courses only available for specific age groups. Please note that the curriculum increases in complexity for each grade level.

Grade K5-2
Navigating Africa
Discover the rich culture and traditions of this diverse land. Learn about the various people, celebrations and beliefs of the second biggest continent on Earth.
Fee: $94
Ashley Lentz
Discovery Camp 3, 2-4pm
Gr. K5-2, Prog. No. 8410-0098

Grade 9-12
Intensive Spanish Conversation
Prerequisite: Successful completion of a formal Spanish 2 class.
Read and discuss brief articles in Spanish from a variety of publications: Spanish language newspapers, magazines and bilingual resources. Watch short video clips and join in on a variety of games and activities to stimulate discussion. A list of resources will be provided for those desiring additional practice.
Fee: $249
Pat Prosser
Discovery Camp 4, 9am-4pm
Gr. 9-12, Prog. No. 8440-4023

Japanese Immersion
Japanese is a useful and beautiful language. Dive into it through manga (animation or comic books), while you experience mini culture through Tanabata (the star festival), Undokai (sport festival), shodo (calligraphy), origami, kimonos and much more. Get the most out of international travel, make new friends, improve your current knowledge of the language and culture, and prepare yourself for the future.
Fee: $249
Mieko Ikeno
Discovery Camp 3, 9am-4pm
Gr. 9-12, Prog. No. 8440-4018

Algebra Camp
Develop an understanding of some basic algebra concepts as you build models and use exercises to practice your algebraic-thinking skills. No previous knowledge of algebra is necessary for this fun and informal course.
Fee: $144
Joseph Gayle
Session I, 2-4pm
Gr. 9-12, Prog. No. 8440-4405
OR
Fee: $94
Instructor: TBA
Discovery Camp 3, 2-4pm
Gr. 9-12, Prog. No. 8410-0103

Build Your Own Computer
Go through the entire process of building a computer to discover what components go into it and how to put them together. It isn’t as hard as you may think! Construct one with your classmates by the end of the week, and when it’s time to upgrade your computer, you’ll understand when and how to do so. Note: This is an in-class project, and computers will not be taken home.
Fee: $99
Andrea Zwiefel
Discovery Camp 2, 2-4pm
Gr. 6-12, Prog. No. 8410-0080
Design Your Own Computer Games

Ever wonder how your computer game works ‘behind the screens’? Using Visual Basic or related game design tools, learn how your games work and how to design a game of your own. Amaze your friends and family with your creativity by developing plots and sequences complete with sound, graphics and animation.

Fee: $154
Tanawat Khunlertkit
Session I, 9-11am
Gr. 6-8, Prog. No. 8410-0407
OR
Session I, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0415
OR
Session I, 2-4pm
Gr. 6-12, Prog. No. 8410-0428

Geometry & Spatial Sense

From jigsaw puzzles to rearranging your room – you probably use geometry more than you realize. Discover mathematical relationships through explorations and demonstrations. Improve your spatial sense and understanding of geometric concepts.

Fee: $94
Kim Islas
Discovery Camp 2, 9-11am
Gr. 3-5, Prog. No. 8410-0059
OR
Discovery Camp 2, 11:30am-1:30pm
Gr. K5-2, Prog. No. 8410-0065

Introduction to Programming I  NEW!

Do you want to create your own program? Ever wonder how it’s actually done? Learn how to write simple Java programs from scratch. You’ll impress your parents, and pick up the fundamentals of programming. A basic knowledge of algebra mathematics is required.

Fee: $154
Tanawat Khunlertkit
Session II, 9-11am
Gr. 6-12, Prog. No. 8410-0009
OR
Session II, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0015
OR
Session II, 2-4pm
Gr. 6-12, Prog. No. 8410-0028

Introduction to Programming II  NEW!

This class is a continuation of Programming I. Learn to write a more complicated program using Java language. Plus, get introduced to program organization, using methods to make the code easier to understand. A basic knowledge of algebra mathematics is required.

Fee: $154
Tanawat Khunlertkit
Session III, 9-11am
Gr. 6-8, Prog. No. 8410-0035
OR
Session III, 11:30am-1:30pm
Gr. 6-12, Prog. No. 8410-0046
OR
Session III, 2-4pm
Gr. 6-8, Prog. No. 8410-0053

Photo Computer Creations  NEW!

Come have fun creating impressive designs using Adobe Photoshop. Bring in files on a flash drive so that you can download and manipulate your own photos of family and friends. Learn the tools of Photoshop, and develop different techniques that publishers use to enhance their photographs.

Fee: $99
Ming Yon Blackwell
Discovery Camp 2, 9-11am
Gr. 6-8, Prog. No. 8410-0071

Stock Market

Want to be a millionaire? Learn how the stock market works, research stocks to determine the best buys, invest play money, track your stocks, and make wise decisions on when to sell, and you’ll be on your way! Plus, write and receive checks for your purchases and sales, and balance your bank account.

Fee: $94
Instructor: TBA
Discovery Camp 4, 11:30am-1:30pm
Gr. K5-2, Prog. No. 8410-0115

Charts & Graphs Everywhere!

Graphing, charting and organizing data can be a lot of fun. Discover many things to graph, such as gummy worms, M&M’s, the number of times you can hop on one foot, and more!

Fee: $144
Jen Bertrand
Session III, 11:30am-1:30pm
Gr. K5-2, Prog. No. 8410-0038
Crunchin’ Numbers

It’s okay to play with your food when you are using it to figure out how numbers work – really! Have fun learning to divide and share. Note: Please let us know if your child is allergic to any foods before the start of class.

Fee: $144
Michael Kazmierski
Session II, 9-11am
Gr. K5-2, Prog. No. 8410-0001

Dice’n Up Math

Dice can be a lot of fun, especially when they help you spice up your math skills. Take a chance, roll the dice and calculate some fun in this class.

Fee: $94
Instructor: TBA
Discovery Camp 1, 9-11am
Gr. K5-2, Prog. No. 8410-0429

Math Art

Explore math concepts and build essential skills through creative projects such as making place-value snakes and learning about measurement to create one-meter designs. Have hands-on fun with math and art!

Fee: $144
Kim Islas
Session I, 11:30am-1:30pm
Gr. K5-2, Prog. No. 8410-0410

Money Matters

Quarters, dimes, nickels and pennies – learn to identify all of them, and understand how much they’re worth. You’ll be prepared to make purchases with confidence.

Fee: $94
Instructor: TBA
Discovery Camp 3, 9-11am
Gr. K5-2, Prog. No. 8410-0082

Grade 3-5

Explorations & Applications in Math

Focus on a new math skill each day, and then play a game to reinforce it. For example, the “Checkbook Game” will review adding, subtracting and money concepts, and “Fracto” will demonstrate fraction concepts. It’s skill and problem-solving practice made fun!

Fee: $144
Kim Islas
Session I, 9-11am
Gr. 3-5, Prog. No. 8410-0404

I ❤ Math

Put your math skills to the ultimate test by competing to solve math problems, logic puzzles and riddles. Learn new mathematical concepts and problem-solving.

Fee: $94
Jen Bertrand
Discovery Camp 4, 2-4pm
Gr. 3-5, Prog. No. 8410-0127

Jr. Wall Street

Learn all about the exciting world of investments. Why do prices go up? When and what do you buy? When do you sell? Discover the answers to these and many other questions in this lucrative, introductory course. Invest some time into this education to prepare for your future.

Fee: $144
Michael Medcalf
Session II, 2-4pm
Gr. 3-5, Prog. No. 8410-0023

Math You’ll Use

What’s the fastest route to school? How tall is my house? How many candy bars can I get for $5? Investigate real-world mathematical concepts and applications. Explore all the ways you can use math in the world around you.

Fee: $144
Jen Bertrand
Session III, 9-11am
Gr. 3-5, Prog. No. 8410-0032

Navigating Through Algebra

Algebra ideas will be introduced, developed and extended. Use algebraic reasoning to engage in and explore patterns, relations and functions through group activities.

Fee: $94
Kim Islas
Discovery Camp 3, 11:30am-1:30pm
Gr. 3-5, Prog. No. 8410-0093

Sportistics

Are you fascinated by numbers? Do you like sports? Combine the two and find out how one links to the other.

Fee: $94
Instructor: TBA
Discovery Camp 2, 11:30am-1:30pm
Gr. 3-5, Prog. No. 8410-0069

Grade 6-8

Adventures in Statistics

Come take an adventure, and investigate how probability and stats are everywhere. Work on measurement, graphing, computation and data analysis as you gain an appreciation and understanding of statistics.

Fee: $144
Jason Dropik
Session II, 2-4pm
Gr. 6-8, Prog. No. 8410-0025
No-Problem Problem-Solving

NEW!

Work on your problem-solving skills through a multitude of activities. Learn to analyze situations and practice implementing strategies to help you solve real-world problems.

Fee: $144
Jason Dropik
Session III, 9-11am
Gr. 6-8, Prog. No. 8410-0037

Preparing for Algebra  NEW!

Whether you are getting ready for algebra or just need a refresher, this class is for you. Get a preview or investigate to further your understanding of algebra concepts at the end of middle school or beginning high school level.

Fee: $144
Jason Dropik
Session I, 2-4pm
Gr. 6-8, Prog. No. 8410-0427

Roll the Dice

Explore the most popular dice, cards and other games of chance. Learn the difference between probability and odds. And use your new skills to teach your friends and family how to play, too!

Fee: $94
Instructor: TBA
Discovery Camp 4, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0123

Wall Street Wizards

Investing is all about using your money to make money. Learn when and what to buy and when to sell in this interactive course. Start out the week with the same amount of play money as your fellow investors, and see who will be the one to most effectively increase their cash.

Fee: $144
Michael Medcalf
Session II, 9-11am
Gr. 6-8, Prog. No. 8410-0008

Young Mathletes

How can you determine the distance across a river or the height of a building using geometry? Put your mental power to the test! Study challenging ideas in geometry, logic, inductive and deductive reasoning through hands-on activities. Note: This is not a skill-building class; it is for students who enjoy high-level thinking and problem-solving.

Fee: $94
Instructor: TBA
Discovery Camp 2, 9-11am
Gr. 6-8, Prog. No. 8410-0062

Grade 9-12

Geometry

Learn about angles, areas and volumes. How does a surveyor plot positions? What do you do with the information? Review geometric concepts and the major theorems used in the study of analytic and transformational geometry.

Fee: $144
Joseph Gayle
Session II, 11:30am-1:30pm
Gr. 9-12, Prog. No. 8440-4004

Pre-Calculus

Pre-calculus is the bridge between Algebra II and Calculus, and is a great way to get acquainted with ideas like function and rate of change. Analyze angles and geometric shapes to find absolute values. Discover new ways to record solutions with interval notation, and plug trig identities into your equations.

Fee: $94
Joseph Gayle
Discovery Camp 4, 9-11am
Gr. 9-12, Prog. No. 8440-4021

Trigonometry

Study triangles and the ratios among their angles and the lengths of their sides. Enrich your math knowledge and use basic concepts of trigonometry to calculate the height of the tallest tree on campus.

Fee: $144
Joseph Gayle
Session III, 11:30am-1:30pm
Gr. 9-12, Prog. No. 8440-4009

Advanced Chemistry

Open your eyes to endless possibilities of chemistry in the world around you. If you have taken our chemistry classes in the past, this is the chance to expand upon your knowledge of chemical reactions!

Fee: $94
Instructor: TBA
Discovery Camp 3, 9-11am
Gr. 3-5, Prog. No. 8410-0083
OR
Discovery Camp 3, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0094
OR
Discovery Camp 3, 2-4pm
Gr. 9-12, Prog. No. 8440-4019

Chemistry: What in the World Isn’t Chemistry?

Learn about the nature of chemicals through simple and exciting laboratory experiments. Study chemical properties, and observe their actions and reactions with special emphasis on application to our everyday world. Note: Safety information will be distributed prior to class.

Fee: $144
Instructor: TBA
Session II, 9-11am
Gr. 6-8, Prog. No. 8410-0006
OR
Session II, 2-4pm
Gr. 3-5, Prog. No. 8410-0022
CSI Milwaukee

Have you ever wondered how mysteries get solved? Learn the techniques involved in evidence gathering, fingerprinting and handwriting analysis, and use a microscope to examine hair and fibers. Discover what it takes to be a crime scene investigator and solve your own mysteries!

Fee: $144
Michael Kazmierski
Session I, 2-4pm
Gr. 3-5, Prog. No. 8410-0421
OR
Fee: $94
Chad Sorce
Discovery Camp 4, 9-11am
Gr. 6-8, Prog. No. 8410-0112
OR
Discovery Camp 4, 11:30am-1:30pm
Gr. 9-12, Prog. No. 8440-4024

DNA & You

DNA is one of the hottest topics in today’s world of science, and molecular biology is a driving force behind our understanding of it. Run a DNA fingerprinting scenario, and learn more about this important subject with such astonishing potential.

Fee: $144
Instructor: TBA
Session I, 2-4pm
Gr. 6-8, Prog. No. 8410-0425
OR
Session III, 9-11am
Gr. 9-12, Prog. No. 8440-4008

Fuel Up & Go

Just like gas in a car’s tank, food is fuel for your body. The right mix and amount of nutrients is important for proper functioning of our mind and muscles. Learn how nutrition, combined with exercise, can keep you fit, strong, smart and at your very best!

Fee: $94
Instructor: TBA
Session I, 2-4pm
Gr. 3-5, Prog. No. 8410-0058
OR
Session I, 11:30am-1:30pm
Gr. 9-12, Prog. No. 8440-4014
OR
Session II, 2-4pm
Gr. 6-8, Prog. No. 8410-0077

Inspect an Insect  NEW!

Focus on a new bug every day, and go outside to find them. Track down dragonflies, grasshoppers, butterflies, bees and other exoskeletal creatures to study.

Fee: $94
Ashley Lentz
Discovery Camp 2, 11:30am-1:30pm
Gr. 3-5, Prog. No. 8410-0067
OR
Discovery Camp 2, 2-4pm
Gr. K5-2, Prog. No. 8410-0072

LEGO® MINDSTORMS® Robotics

Learn how to build and program robots using the famous LEGO MINDSTORMS kits. Gain familiarity with servo motors, touch sensors, sound sensors, ultrasonic sensors and light sensors. Define a mission for your robot, program the robot to accomplish the mission and then test it! Note: This course helps you prepare for the FIRST (For Inspiration and Recognition of Science and Technology) LEGO League Wisconsin tournaments in fall 2014.

Fee: $144
Jason Dropik
Session I, 9-11am
Gr. 3-5, Prog. No. 8410-0405
OR
Session I, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0417
OR
Session II, 9-11am
Gr. 3-5, Prog. No. 8410-0003
OR
Session II, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0017

LEGO® MINDSTORMS® Robotics II (Advanced)

As an advanced programmer or experienced FIRST LEGO League competitor, find the challenging and exciting adventure you’ve been looking for. Use advanced programming, special attachments and sensors, and creative problem-solving to complete missions from this year’s FIRST LEGO League competition. Note: This is not an introductory course, but an extension to LEGO MINDSTORMS Robotics.

Fee: $144
Jason Dropik
Session III, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0044
OR
Session III, 2-4pm
Gr. 3-5, Prog. No. 8410-0052

Food Chains  NEW!

Have you heard the terms producer, consumer or decomposer? All living things are connected through various food chains, and each plays an important part in passing energy from one living thing to another. Investigate common food chains and more complex food webs.

Fee: $144
Michael Kazmierski
Session II, 2-4pm
Gr. K5-2, Prog. No. 8410-0020
OR
Fee: $94
Discovery Camp 3, 9-11am
Gr. 3-5, Prog. No. 8410-0084

LEGO® MINDSTORMS® Robotics
Life in the ER
Forget what you’ve seen on TV and in the movies. Get an inside look at the everyday experiences of emergency room health professionals. Develop a better understanding of careers in the medical field, and determine if it’s the right path for you. Note: There will be graphic content; e.g. blood, car accident photos and videos, organs, surgery videos, etc.

Fee: $94
Heidi Hoovestal
Discovery Camp 4, 9-11am
Gr. 3-5, Prog. No. 8410-0108
OR
Discovery Camp 4, 11:30am-1:30pm
Gr. 6-8, Prog. No. 8410-0122
OR
Discovery Camp 4, 2-4pm
Gr. 9-12, Prog. No. 8440-4026

Plants Around the World  NEW!
While most plants have similar parts, each one adapts to their own environment. Study different plants as you investigate biomes and habitats. Explorations include the desert, rainforest, marshes and forests.

Fee: $94
Michael Kazmierski
Discovery Camp 3, 11:30am-1:30pm
Gr. K5-2, Prog. No. 8410-0089
OR
Discovery Camp 3, 2-4pm
Gr. 3-5, Prog. No. 8410-0101

Exciting Astronomy
Get ready to blast off for fun! Explore the day and night skies, clouds, stars, the sun, the moon, and the Earth. Discover some of the exciting myths associated with patterns of stars, and get an introduction to the planets in our solar system.

Fee: $144
Jean Creighton
Session III, 9-11am
Gr. K5-2, Prog. No. 8410-0030

Heart Parts
Study the pieces that make up the heart, and how they all work together. Learn the science and causes of heart disease, and develop an understanding of why and how to make heart-healthy choices.

Fee: $94
Michael Kazmierski
Discovery Camp 1, 11:30am-1:30pm
Gr. K5-2, Prog. No. 8410-0437

Into the Amazon Rainforest
Who lives high up in the forest canopy, and what exactly swims and slithers in the Amazon River far below? Meet a mighty anaconda. Encounter a 300-pound catfish. Listen to howler monkeys, touch piranha teeth, see amazing morpho butterfly wings and many other wonderful things. Discover how a very delicate balance of nature keeps a tropical rainforest alive. Oh yeah, and did you know that there’s a spider that eats birds? Come check it out!

Fee: $144
Marilyn Kindwall
Session I, 2-4pm
Gr. K5-2, Prog. No. 8410-0420

Little Chemists
Matter is everything around us – the things you can touch, see, feel or smell. Let’s study it! Mix a little of this and a little of that, and what do you get? It’s never too early to experiment with what might be your future.

Fee: $94
Instructor: TBA
Discovery Camp 4, 2-4pm
Gr. K5-2, Prog. No. 8410-0124

Nature’s Storytime
Explore wild places in the city to help write your own nature book. We’ll study a different nature theme each day and use outdoor nature experiences to develop story projects. Work with classmates to create a story by drawing, writing and storytelling about animals found on our walking fieldtrips to Riverside Park, Lake Park and Downer Woods. Note: Students will take walking fieldtrips three days during the week.

Fee: $94
Jen Bertrand
Discovery Camp 4, 9-11am
Gr. K5-2, Prog. No. 8410-0107

Organ Investigators
How does your body work? Uncover this great mystery as you learn how your organs, muscles and other body parts rely on each other to keep you going. By the end of the class, you’ll have a life-size “clone” to take home with you.

Fee: $94
Instructor: TBA
Discovery Camp 3, 2-4pm
Gr. K5-2, Prog. No. 8410-0099

Ooze, Drip, Bubble & Bounce
Get an up-close look at science with exciting and somewhat messy experiments. It’s all in the name – if you believe oozing, dripping, bubbling and bouncing make science fun, join us!

Fee: $144
Michael Kazmierski
Session I, 9-11am
Gr. K5-2, Prog. No. 8410-0402

Solar System Exploration  NEW!
Imagine yourself as an astronaut as we travel to the planets, explore comets and asteroids, and learn what it takes to get to outer space. Focus on solar science, the rocky worlds of the inner solar system and the gas giants of the outer solar system.

Fee: $144
Michael Kazmierski
Session II, 11:30am-1:30pm
Gr. K5-2, Prog. No. 8410-0010
Wicked Weather
How does weather change the Earth? What do we know about weather disasters like earthquakes, floods, tornadoes, blizzards and everything else? You live with it every day — now dive in to explore the causes, effects and mysteries of weather.

Fee: $94
Instructor: TBA
Discovery Camp 2, 9-11am
Gr. K-2, Prog. No. 8410-0057

Body Works
Take a look at all the cool science that goes into making our bodies work. Watch movies and conduct experiments to find out exactly what makes us tick!

Fee: $94
Instructor: TBA
Discovery Camp 1, 2-4pm
Gr. 3-5, Prog. No. 8410-0446

Stellar Heroes and Monsters
Uncover the fascinating myths behind the universe’s unique cast of characters – from stellar heroes to galactic monsters. Have fun learning to use a star map and familiarizing yourself with stars in the night sky. Awesome prizes will be given to the space explorer who can identify the most constellations!

Fee: $144
Jean Creighton
Session III, 11:30am-1:30pm
Gr. 3-5, Prog. No. 8410-0042

Brainiacs
Did you know the human brain weighs three pounds? Explore some of the facts and mysteries around our most complex and remarkable organ. Learn how it works, how to protect it and how it controls your senses.

Fee: $94
Instructor: TBA
Discovery Camp 4, 2-4pm
Gr. 6-8, Prog. No. 8410-0130

Meet Rube Goldberg
Make the most amazing and wacky machine possible, by combining science and your imagination. As you begin to understand the laws of physics, you will be able to use them in ways that will both startle and amuse you. Who says science isn’t fun (or funny)? Build away with Pulitzer Prize winning cartoonist, sculptor and author, Rube Goldberg, as your inspiration!

Fee: $144
Andrew Carek
Session I, 9-11am
Gr. 6-8, Prog. No. 8410-0048

Stars Galore
Study star maps to explore the night sky. Daily visits to the UWM Planetarium let you observe constellations from the perspective of different locations on Earth, while listening to stories associated with them. Learn all about our universe and its galaxies – including ours – and examine the methods we use to understand them.

Fee: $144
Jean Creighton
Session III, 2-4pm
Gr. 6-8, Prog. No. 8410-0055

Engineering Wonders
Have you ever wondered how a bridge or airplane is made? Well, roll up your sleeves and join us as we put our heads together in engineering teams and build marvels that really work.

Fee: $144
Mary Staten
Session I, 11:30am-1:30pm
Gr. 9-12, Prog. No. 8440-4404

Stellar Science
Explore the science of astronomy! Use Galileo’s data to understand the moons of Jupiter; brainstorm ways to quantify the vastness of time and space; try to land a robot through an opaque atmosphere; appreciate the beauty of the night sky; and learn some constellations at the UWM Planetarium.

Fee: $94
Jean Creighton
Discovery Camp 2, 2-4pm
Gr. 9-12, Prog. No. 8440-4016

Botany at Its Best!
Find out all about plants. Why do they grow? Why do they die? Visit the UWM greenhouse to see its native plants collection, and tour the campus to examine some of its 270+ species of trees and shrubs.

Fee: $94
Instructor: TBA
Discovery Camp 1, 9-11am
Gr. 9-12, Prog. No. 8440-4408

Wisconsin Inventions
Did you know that the typewriter, the vacuum cleaner and the polygraph machine were all invented right here in our backyard? Explore the amazing inventions that have come out of the great state of Wisconsin.

Fee: $94
Chad Sorce
Discovery Camp 3, 9-11am
Gr. 6-8, Prog. No. 8410-0088
Please note: Registration opens Jan. 15. If Jan. 15 falls on a holiday or weekend, registration will open up on next business day. • All registrations are processed on a first-come, first-served basis. • Registrations will not be processed without payment. • If children are carpooling, please send registrations in together. • Please register children using fall 2014 grade levels.

SCHOOL OF CONTINUING EDUCATION

From ages 5 to 95, we have a program for you.
IMPORTANT INFORMATION

SKIP AHEAD!
Advanced check-in: June 2-17, 9am-4pm. Avoid the long lines and get acquainted with campus early – stop by our office located in the Union, room W143. Please call 414-227-3360 (before 6/1) or 414-229-6364 (after 6/1) for other questions.

Check-In
Check in at the Union Terrace Room on your child’s first day. Here, we will make sure you’ve filled out all the proper paperwork, and then students will receive their CFK/CFT drawstring backpacks and wristbands. (Please note: You only need to do this for the first class. Lines may be long, so please arrive 30 minutes early.)

Pickup & Dropoff
Pickup and dropoff are at the Union Circle, 2200 E. Kenwood Blvd., or inside the Union Terrace Room (SW corner on the ground floor).

Instructors will bring their students to the Union Terrace at the end of class time. You must pick up your child within 15 minutes (e.g. if class ends at 4pm, pickup must be no later than 4:15pm). Students will be allowed to wait for their ride either inside the Union Terrace or outside at the circle drive. Please make sure your child knows where they are meeting you.

You will be charged $7 for every 15 minutes past the pickup time (e.g. 4:16-4:31pm would be $7, 4:32-4:47pm would be $14, and so on). If your child is not picked up within one hour, CFK/CFT will contact the UWM police. Your child will not be allowed to return to classes until the fee has been paid.

Only students who have a signed parental consent form will be able to leave without an adult. If your child is to go home on their own, make sure you sign that form. These students will be given orange wristbands to wear throughout the program.

If you need to pick up your child early or drop them off late, you will need to go directly to the classroom. Please do not drop children off at the Union if you are running late. If you do not see a staff member standing outside the Union, students and instructors have already left, and you will need to take your child to his/her classroom. If you do not know the classroom location, please call our office at 414-229-6364 or visit the Union information desk – located on the ground floor.

Wristbands
Wristbands are given out on the first day of a session, and are to be worn every day. If your child is enrolled in more than one session, he/she can receive a new band at the beginning of each session. Please bring the old wristband back in order to get a new one. It is your responsibility to make sure your child wears the wristband every day. The colors indicate to our staff what privileges each child has, such as leaving campus unattended or not being included in pictures. Children are not allowed to participate in class unless they are wearing a wristband to verify that they are enrolled.

Meals
Lunch and snacks are not included. Feel free to send food along with your child. Only students with orange wristbands can purchase food on campus.

Drawstring Backpacks!
All participants will receive a FREE CFK/CFT drawstring backpack – handed out on the first day at dropoff.

What Not To Bring
Please do not bring games, toys, trading cards, electronic devices and other similar materials to classes, unless the instructor has requested you to do so. CFK/CFT is not responsible for lost, broken or missing items.

Disciplinary Information
Disruptive students are taken to the CFK/CFT office and their parents are notified. Continued disruption results in removal from the program.

Children With Special Concerns
If your child has special needs or requires medication during class, please contact us before enrolling. This will ensure that we can address all of your concerns.

Mail List Requests
To update your name and address, remove your name from our mailing list, or eliminate duplicate mailings, call 414-227-3186. Please refer to your name and address exactly as it appears on the mailing label. Or, fill out the form on our website at sce-kids.uwm.edu.

Other Important Information
Do not leave your car unattended in the Union circle drive, you will be ticketed by campus police and there is nothing CFK/CFT can do about it! A parking ramp is available just to the east of the driveway. Street parking is also available.

If students are enrolled in back-to-back classes they will be supervised in the Union Terrace Room, unless you have given them permission to be unattended.

Scholarships
Needs-Based: To be eligible for a limited number of needs-based scholarships, student must be entering grades K5-5 and be eligible for the free or reduced lunch program. Needs-based recipients will be notified by phone the 1st week of May.

DPI Pre-College Scholarship Program: Applicants must be going into 6th grade or above, have a 2.5 grade point average in core courses, and be eligible for the free or reduced lunch program.

If you qualify for either of these scholarships, please call for an application, contact your school or download forms at sce-kids.uwm.edu. Due to the high number of requests, only those receiving scholarships are notified.
