Program Cancellations/Refund*
A full refund is issued to program participants if the School of Continuing Education cancels a program for any reason. Participant withdrawals made at least two weeks (14 days) prior to the start of a program can receive a 100% refund. When a participant withdraws less than two weeks prior to the program start, participants may have their fees transferred one time to any currently available program, otherwise participants will receive a refund minus a 20% administrative fee. For programs with a fee of $35 or less, no refund will be given, if a participant withdraws within two weeks of the start date.

*This policy does not apply to Travel programs or to College for Kids/Teens which have a no refund policy.

The Value of Professional Certificates

Professional certificates are an affordable and convenient way to increase your value in the workplace. In fact, certificates are the fastest-growing postsecondary credential awarded over the past several decades. Certificates are obtained through non-credit professional development courses in a specific career discipline. Courses are taught by industry experts, and the skills acquired, through hands-on learning, can be immediately applied in the workplace.

Professional Certificates can:
- Increase your earning potential
- Advance your career
- Be completed in a short amount of time while maintaining a full-time job
- Jumpstart a career in a new field
- And…they are affordable

Who should pursue a Professional Certificate?
- Professionals – update current skills or gain new ones
- Recent College Grads – bridge the gap between your education and job requirements
- Changing careers – jumpstart your career in a new field

Web Certificates from SCE

Jobs in Web Design and Development continue to grow as businesses seek to engage customers and drive revenues using the latest web technologies. Completing a web certificate can be done in as little as six months and is an affordable way to take your career to the next level. A dual certificate in Web Design/Development is available.

Web Design Certificate
Curriculum focuses on creating web designs that are accessible, visually appealing, cross-browser and cross-device compatible, and that follow design and development best practices.

Web Development Certificate
Courses in this certificate focus on creating end-to-end solutions including database/data storage, server-side programming, cross-browser and cross-device rendering, and interactivity. Courses teach web development best practices and standards, search engine optimization and creating mobile-ready sites.

Advanced Web Skills Certificate
The Advanced Web Skills Certificate provides those already in the field of Web Design and Development with advanced web skills. Courses focus on advanced scripting, managing web projects, web security and database design.

Mobile Certificates from SCE

Mobile Application Development is one of the fastest growing careers today. Smart phones, tablets and other web-enabled devices have changed the way we work and navigate our personal lives, driving demand for mobile apps and for mobile developers.

Mobile Application Development Certificates
SCE offers mobile certificates in both HTML and Native App Development. One of the most important factors in mobile app development is setting up the development environment. Our instructors will teach techniques to shorten this process, giving you a jumpstart to developing, delivering and testing mobile apps.

Web and Mobile Certificate Advisory Board:

- Matt Friedel, Founder/CEO, Jam-Mobile.com
- Terry Zimmer, IT Architect, FIS
- Adam Hudson, Instructor, UW-Milwaukee
- Dominic Schansen, Director of Technology and Membership Services, Zoological Society of Milwaukee
- Steve D. Robinson, Senior Web Technology Architect, Omni Resources, Inc.
- Christian Keene, Creative Director, UWM School of Continuing Education

Mobile Certificates include core and elective courses. Please visit the web for course descriptions, dates, prices and prerequisites - sce-mobile.uwm.edu.
