Japanese 220: Introduction to Japanese Food Studies

You may have heard from the students who have taken this class previously that this course offers actual tasting of Japanese food. However, it is NO LONGER the case. **No food is offered in this course** and there is no more fee.

It is because now I am offering Japanese Cooking class. If you are interested in learning how to make Japanese dishes, please take that class instead.

The syllabus is yet to come. If you have any other questions, please let me know.
