Category A Subcommittee Objective Statement

The goal of the Category A Subcommittee is to communicate policies, procedures, and issues of particular interest to non-teaching/non-research academic staff.

To assist the ASC, the Subcommittee:
- Discusses and addresses issues raised by staff and the ASC
- Takes a lead role to address issues where necessary. Some of these issues include, but are not limited to:
  - Service opportunities available to academic staff
  - Self-evaluation critiques and information
  - Clarification of policies and procedures pertinent to academic staff
- Supports the efforts of other academic staff committees when appropriate
- Presents workshops for the academic staff community to:
  - Attend and gain helpful and important information
  - Provide the opportunity to pose their “burning” questions
  - Provide feedback of their individual experiences, which may be helpful to others or result in other issues to address
- Discusses other topics including:
  - Training for professional development available to academic staff
  - Involvement in new campus initiatives that are relevant to the Category A Subcommittee
  - Other interests that affect academic staff that have not been addressed
- Promotes resources for the non-teaching/non-research academic staff to assist them to develop a better professional experience at UWM
  - Diverse membership from many different parts of UWM
  - Collective experience is a wealth of knowledge
