Revision to Academic Staff Awards Committee Bylaws

At the request of the Academic Staff Committee, the Codification Committee reviewed Article I Purpose and Responsibilities of the Awards Committee Bylaws and recommends the following changes. Rationale for the changes follows the tracked version of the document below.

Tracked version

ACADEMIC STAFF AWARDS COMMITTEE BYLAWS

ARTICLE I PURPOSE AND RESPONSIBILITIES

Section 1 Purpose

The purpose of the Academic Staff Awards Committee is to administer the two UWM Academic Staff Outstanding Performance and Service Awards (given to two academic staff), the one UWM Outstanding Teaching Award (given to teaching academic staff), and the nominations for the two UW System Regents Administrative and Professional Academic Staff Excellence Awards, and the for Outstanding Performance (for which only non-teaching academic staff are eligible), and the two UW System Regents Teaching Excellence Awards (for which both teaching academic staff and faculty are eligible). In addition, the Awards Committee will work with the Academic Staff Committee to administer other future professional development funds and awards not administered directly by colleges, schools, or departments.

Rationale for Changes:
1) Removed numbers of awards and eligibility requirements, as they may be subject to change.

2) Simplified language regarding the use and distribution of future professional development funds.

3) Recommend moving the phrase “in keeping with State of Wisconsin regulations and protocol” from “Section 1 Purpose” to “Section II Responsibilities,” because it refers to a procedure rather than a purpose.
