Academic Staff Senate Statement on Concealed Weapons

The Academic Staff Senate of the University of Wisconsin-Milwaukee wishes to express its unequivocal support for the statement issued by the UWM Faculty Senate Statement on Concealed Weapons (Faculty Document 3037 approved on 22 October 2015) opposing proposed legislation on the expansion of concealed carry on college campuses. We share the concerns of the Faculty Senate that such legislation will increase the likelihood of on-campus violent acts and will have minimal positive effect on campus safety. We urge the Wisconsin Legislature to reject this proposal.
