REPORT OF THE NOMINATIONS COMMITTEE

Section 1.06(4), UWM Policies and Procedures reads as follows:

Should the elections result in having no candidate from a college or school among the forty candidates receiving the greatest number of votes, then the candidate from that college or school with the greatest number of votes shall be deemed elected for a one-year term as an additional member authorized by 1.06(1). Should the election result in having fewer than two candidates who are assistant professors or instructors among the winning candidates from each of the various faculty divisions of the University, then the two assistant professors or instructors from that faculty division with the greatest number of votes, shall be deemed elected for a one-year term as additional members authorized by 1.06(1).

Two Senate seats are vacant at the present time. In the Spring elections there was no candidate from the School of Library Science and consequently one must be elected from that School. The Executive Committee of the School of Library Science has suggested the names below and the Nominations Committee concurs with this recommendation.

Associate Professor Saad Ibrahim
Assistant Professor Vida C. Stanton

Because of promotions made after the Spring election the Division of Social Sciences is entitled to an additional seat to be filled by an assistant professor or instructor. Departmental Chairmen were asked to send nominations to the Nominations Committee. Due to constraints of time the names of the candidates will be presented at the meeting.

Nominations may be made from the floor, but only members of the School of Library Science may be nominated for the one seat and only assistant professors or instructors may be nominated to fill the seat vacant in the Division of Social Sciences. Please contact the person you wish to nominate at the meeting to obtain his/her consent to be placed in nomination.
