Elizabeth B. Heiny died April 15, 1960 at her home in Kirsville, Missouri, where she had lived since her retirement in 1954. She is survived by two sisters and two brothers. She had been ill only a few days. The immediate cause of her death was a stroke.

Miss Heiny had devoted her long life to the education of teachers of young children beginning at the Northeast Missouri Normal School in Kirsville, Missouri where she taught in the Campus Elementary School. Early in her career she became interested in kindergarten education and came to the Milwaukee Normal School for special work with Miss Nina Vanderwalker, who was then Director of Kindergarten Education. After completing this work she taught kindergarten in Fond du Lac, Wisconsin and remained there as supervisor of kindergartens until she returned to Milwaukee to teach student teachers at Milwaukee State Normal School.

During these years she continued professional study at the University of Chicago and at Northwestern University where she received a Master's degree.

After teaching the students for a number of years she wanted to have more freshly in mind the nature and problems of young children, so she taught the four-year kindergarten for one year. This enabled her to guide her students more intelligently in their theoretical work in their education courses and in their student teaching.

In 1945, after the retirement of Miss Louise Alder who was then the Director of Lower Elementary Education, she was given that post which she held until her retirement.

Miss Heiny will be long remembered by her many students for the high standards she fostered in scholarship and in character. She was truly their friend which was manifested in her understanding and wise guidance. She used her efforts in doing her work conscientiously and courageously. It was thus that she touched and influenced the lives of both student and colleagues.

Her professional interests were emphasized by the active support she gave to the Association for Childhood Education and the honor society Pi Lambda Theta. She also made intelligent contributions on numerous college committees.

Friends and associates well remember her for her calm manner, her quite deliberations, her keen mind, her sense of humor and her rare gift of warm and loyal friendship.

MEMORIAL COMMITTEE:
Louise Alder
Barbara Bixby
Candace Chamberlin
Lois Griggs
