1979-80 Annual Report of the Physical Environment Committee

The Physical Environment Committee met on November 12, 1979, February 19, 1980, and March 10, 1980, and will continue to meet during the remainder of the academic year.

1. Discussed and accepted the Report on the Study of Classrooms.

3. Received a Report on the Status of the Removal of Houses on Maryland Avenue.

4. Received Report on Security Measures.

5. A proposal to remodel the Union Snack Bar was presented by the Student Association. Costs were estimated between $750,000 and $1,000,000. The segregated fees would have to be increased by $2 and $25,000 in additional income would be required. Further studies are being made on this proposal.

6. A proposal to set aside an area where bikes and mopeds might be parked was received. Cost of the project was estimated at $10,000. The Student Association President James Cieslewicz informed the Committee that the students would assume 50% of the costs if UWM would assume 50% of the costs. The Committee approved the project in principle subject to a further study of the 50-50 financing arrangement.

7. The Committee discussed the 1981-83 Biennium Capital Budget. The Committee approved space alternatives for the location of the School of Allied Health Professions and the Department of Psychology. (PEC Document 116, 3/10/80.)

8. The Committee recommended that a Solar Demonstration Wing proposed by the School of Architecture be forwarded as a system-wide project with outside funding available.

9. The Committee discussed a resolution of the Athletic Board which proposed a general purpose outdoor athletic facility. When the Committee was informed that the proposal would require 17 acres of land and cost between 4 to 5 million dollars, it suggested that the Director of Facilities investigate the feasibility of a soccer stadium which might be built, rented or leased.

10. The Committee agreed that a permanent lighted pathway be constructed from the Sandburg dorms to the Klotsche Center and the north parking lot. The Administration stated that the project will be started this summer.
11. The Committee agreed to ask Alderwoman Hoeh to ask the Milwaukee Police Department to enforce the anti-litter ordinance on and around the campus.
