Recommendation from the Faculty of the College of Letters and Science to change
the name of the "Department of Geological Sciences" to the "Department of Geo-
logical and Geophysical Sciences."

RATIONALE

This recommendation culminates several years of discussion on this issue. The
Department and the Committee believe that this proposed name accurately reflects
the teaching and research activities of the faculty in that department. It is
important to note that the Department of Geography, which had expressed some con-
cern about earlier name change proposals for Geological Sciences, has indicated
that it supports this request.
