Report of the Committee on Nominations and Elections for Elective Standing Faculty Committees for 1961-62

In preparing the slate of nominees for elective standing faculty committees and the list of suggested names for the Provost for the appointive committees, the Committee on Nominations and Elections used the following procedures:

1. Preference sheets were prepared and distributed to the Faculty for both elective and appointive committees. The first, second, and third choices were tabulated from the 136 returns out of a possible 429.

2. A roster of committee load for each faculty member for the past three years was prepared. This included all-University and University appointive and elective committees.

3. Criteria were established to select a maximum number of individual faculty members in order to achieve continuity, balance, and distribution. Selections were influenced by but not limited to choices submitted on the preference sheets.

Nominations from the floor may be made at the Faculty meeting, April 13. If you wish to make a nomination, the Committee on Nominations and Elections invites you to make use of the roster, criteria, and other data used in preparation of the attached slate. These data will be available in room A-122 until the time of the faculty meeting on that date.

Slate of Nominees for Elective Committees

(This is not a ballot)

Buildings and Space Utilization - Five to be elected for one-year terms.

W. J. Brandt (Elementary Education)  
L. C. Grotz (Chemistry)  
L. F. Hillis (Civil Engineering)  
*R. A. Jaggard (Physics)
