1986-87 ANNUAL REPORT OF THE ACADEMIC POLICY COMMITTEE

The committee took the following actions during the academic year:

1) Proposed, for consideration by the Faculty Senate, an academic calendar for 1988-89.

2) Proposed, for consideration by the Faculty Senate, that drops after the 4th week of classes be recorded on students' transcripts.

3) Proposed, for consideration by the Faculty Senate, that the Credit/No Credit policy be made consistent throughout the university (with a second week deadline for changes to Credit/No Credit).

4) Considered the deadline for faculty to turn in semester grades. The committee was sympathetic with the problems sometimes encountered in meeting grade deadlines, but felt these could not be extended due to complications that would arise from the later grades.
