**Total Units Required** 16

**Additional units from any of the above academic areas, computer science or the arts** 2 units

**Rationale:**

In December 1985 the Board of Regents passed new minimum admission criteria for new freshmen entering University of Wisconsin campuses. Some minor changes are needed to our approved Fall, 1990 requirements for UWM to comply with the new Regent requirements.
After consultation with the English Department, it was also decided to increase the number of years of high school English required for admission to UWM, since Wisconsin public high school graduates will be required by State legislation to have four years of high school English beginning in September 1988.
