ANNUAL REPORT OF THE HONORARY DEGREES COMMITTEE FOR 1987-88

The UWM Honorary Degrees Committee met three times during 1987-88: on September 30th and November 11th, 1987, and on March 30th, 1988. At these meetings the committee members decided on operating procedures to be followed during 1987-88, reviewed the call for nominations for degrees to be awarded in 1989, screened candidates proposed for 1988 honorary doctorates, and (at the request of the UWM University Committee) considered the addition of academic staff representation to the committee.

The candidates recommended by the Honorary Degrees Committee were presented to the Faculty Senate for its approval, and were then approved by the UW System Board of Regents. Honorary doctorates will be granted in May 1988 to Edith Finlayson and to Sheldon Lubar.

Committee members also responded by telephone and by mail to other questions not dealt with in meetings, as they arose.
