EXTENSION POLICY COMMITTEE

Annual Report, 1990-91

The committee met five times during the academic year (the sixth meeting was cancelled because of a blizzard). In its advisory capacity the committee discussed with Dean Shannon the following documents:

"Division of Outreach and Continuing Education Extension FY 1991-92 Budget and Program Plan;"
"Perception of the University of Wisconsin-Milwaukee, Summary Report;"
"UWM Planning Document, 1991-92;"
"Operating Procedures for Collaborative Personnel Decisions Between UW-Extension and the Other UW Institutions."

The committee also assisted representatives of DOCE and the Office of the Registrar in the revision of the section on Residence Data (to determine tuition) found on the form, "Registration for Off-Campus Courses" with the intention of streamlining the questions and making them more amicable.
