1. The Officer Education Committee is the Executive Committee of the Department of Military Science. The OEC works with the Department of Military Science in the areas of curriculum, budget, faculty appointments, and administration. To perform these duties, the committee met six times through March 1991. Informal coordination between the Department of Military Science and the committee is continuous.

2. During the 1990 - 1991 academic year, there were 65 undergraduate students enrolled in the courses offered by the Department of Military Science. Department faculty also taught two sections of Physical Conditioning 110 to 80 students. Three students had ROTC scholarships and 13 advanced course students received other financial aid through the ROTC program. The total amount of financial aid and scholarships was approximately $21,000. One cadet will be commissioned as an Army Officer during the 1990-1991 academic year with six students completing all requirements and commissioning in 1992.

3. Curriculum:
   
a. ROTC cadets are required to complete at least one undergraduate course in each of the following areas: written communication skills, human behavior, management, national security, and military history. In conjunction with the Department of Military Science, the OEC attempts to verify that cadets are meeting UWM and military science requirements in a responsible and timely manner.

   b. The OEC encourages exposure to military science activities by UWM faculty and administrators. This includes sponsoring opportunities to observe UWM students during off-campus training.

4. Budget: Due to the ongoing actions to change the status of the department from "host" institution to a "cross-enrolled" institution, budget levels will be reduced in the upcoming year from approximately $10,000 to less than $2,000.

5. Faculty: There were no changes to the faculty during the year.
6. Effective with school year 1991-1992 the ROTC Program at UWM will come under the control of the Professor of Military Science, Marquette University. This action is a result of budget constraints within the Department of the Army. Those officers and noncommissioned officers assigned to UWM will be reassigned to other duties. The Marquette ROTC detachment will provide instruction to UWM students both on the UWM campus and at Marquette University.

7. The composition of the OEC changed this year due to the retirement of Professor Donn Haglund and the resignation of Professor Bonnie Petterson. Professor Ronald Ross assumed the duties of chair and Professor Rick Lovell was appointed to the committee.

1990-91 Officer Education Committee
Ronald Ross, History (Chair)
Donn Haglund, Geography (Emeritus)
Gerard Flynn, Spanish and Portuguese
John Hotz, Military Science
Rick Lovell, Criminal Justice
Jeffrey House, Cadet
Sojourner Williams, Cadet

Ronald J. Ross
Chairman
