FACULTY RIGHTS AND RESPONSIBILITIES COMMITTEE

Annual Report for the Academic Year 1990-91

The Faculty Rights and Responsibilities Committee met ten times during the 1990-91 academic year. The Committee received two cases forwarded from the University Committee. One case has been resolved and forwarded to the Chancellor for his consideration. The second case has been considered and a report will be transmitted to the Chancellor after minor editorial revision. No other cases are pending.

In other action, the Committee adopted a revised set of Committee Operating Procedures. These revised guidelines provide for easier transition and greater continuity between academic years.

Due to a procedural error in balloting, a member of the Committee representing the Division of Fine Arts was replaced with a member from the Division of Social Sciences for the spring semester. The criteria for election of members remains unchanged from previous years.

Professor Leonard Levine, Department of Electrical Engineering and Computer Science, was elected to Chair the 1991-92 Faculty Rights and Responsibility Committee.
