FACULTY RIGHTS AND RESPONSIBILITIES COMMITTEE

Annual Report for the Academic Year 1991-92

The Faculty Rights and Responsibilities Committee met eleven times during the 1991-92 academic year. The Committee received six cases forwarded from the University Committee.

Three cases have been resolved by negotiation between the complaining parties and the responding party and have been forwarded to the Chancellor for his consideration.

One case was returned to the University Committee because of Faculty Rights and Responsibilities Committee concern about the way student privacy was being handled in the complaint. That case was subsequently withdrawn by the complaining party.

The final two cases have been put on hold by the complaining party pending legal advice.

Professor Leonard Levine, Department of Electrical Engineering and Computer Science was elected to Chair the 1992-93 Faculty Rights and Responsibilities Committee.
