INTERCOLLEGIATE STAFF

Members of the coaching staff are assigned on a half-time basis to the Department of Intercollegiate Athletics and half-time to the Department of Physical Education. The present coaching staff consists of the following members:

- Walter Dreayer: Football, golf
- Herman Kluge: Athletic Director, swimming

The University of Wisconsin - Milwaukee is a member of the Wisconsin State College Conference and the National Collegiate Athletic Association. These two bodies establish the basic regulations concerning eligibility, rules, schedules, etc. The ruling body of the conference is a committee composed of faculty representatives from each member school. Professor Ralph Tillema is the University of Wisconsin - Milwaukee conference representative.

ACTIONS OF THE BOARD

1. Gave permission to the Athletic Director to issue a Newsletter to alumni lettermen. This Newsletter is issued every other month and is used to inform and stimulate the alumni in matters concerning the athletic program.

2. Approved the scheduling of two night football games for the 1962-63 season. This is a trial measure to determine if student attendance can be stimulated. The games are to be played on the Shorewood High School field.

3. Initiated the practice of inviting the coaches to present a summary of their season and to talk informally of the problems they have encountered.

4. Expanded the athletic awards procedure to allow an athlete to select either a school ring or a team jacket as a fourth award in any one sport. The cost difference of fifty cents was considered to be insignificant.

5. Recommended that Walter Dreyer be re-appointed at the expiration of his present three-year appointment.

6. Approved the recommendations for awards as presented by the coaching staff.

7. Is now in the process of reviewing the Wisconsin State College Conference constitution.

FINANCES

Subsequent to the 1960-61 academic year, the financing for the athletic program has come in part from state funds and in part from the revenue. The present policy states that
any increase in the budget for operation of the intercollegiate athletic program (with the exception of salary increases) must come from increased revenue.

PARTICIPATION

There were 322 participants in the Intercollegiate athletic program during the past year; 56 of these were freshmen. Of the total participants, 45 had a B average and two athletes were on the Dean's Honor List.
