August 1, 1996

Annual Report
1995-96 UWM Awards and Recognition Committee
William A. Raabe, chair

The committee met twice in person and otherwise conducted its business electronically. Its work spanned from September 1995 through June 1996.

The committee selected this year's recipients of the Undergraduate Teaching Award, this year's recipient of the Distinguished Service Award, and the campus nominee for the Regents Individual Teaching Award. It also selected finalists for the Alumni Association Scholarships for in-coming students.

The committee continued a discussion of the eligibility of academic staff for the university's teaching awards, responding to the requests of the Chancellor and the University Committee. This topic will be taken up during 1996-97 with the University Committee and the Academic Staff Senate.
