MOTION:

That graduating seniors with a final after the graduation may be allowed, with the consent of the instructor, to take the final before the graduation (ceremony).

RATIONALE:

The academic year calendars for the spring semesters in 1999-2000 and 2000-2001 have finals scheduled after graduation, as necessitated by restrictions on the availability of the Arena for the graduation ceremony. The Academic Policy Committee is forwarding this motion in an effort to accommodate those students who wish, understandably, to complete their class work before attending the graduation ceremony.
