Chair, Research Policy Committee  
RE: Research Policy Committee Annual Report 1999-00  

During the period of time from September 1999 - May 2000 the Research Policy Committee (RPC) met a total of ten (10) times. Each of these meetings involved a drafting of the so-called UWM Research Plan 2006. A draft of the RP 2006 document was forwarded to the University Committee, all the Deans, and the Vice Chancellor on approximately December 1, 1999. Extensive feedback was subsequently received from the UC. In direct response to the concerns raised by the UC, the RPC meetings during semester II involved extensive modification of the original draft of RP 2006. A final revised/modified document was agreed upon by the committee as a whole to be submitted to the UC. This event occurred on April 21, 2000.
