
I. **Functions:**
   A. To establish policies governing loans to students at the University of Wisconsin - Milwaukee.
   B. To establish policies governing those funds available for undergraduate awards and grants which are not administered by the All-University Committee on Loans and Undergraduate Scholarships.
   C. To receive and adjudicate any student appeals from the decisions of the Financial Aids Office.

II. **Meetings:**
The Committee held eight regular monthly meetings and four special meetings during the year.

III. **Activities:**
   A. Selected recipients for the Herzfeld, Schwander, Josephine Maloney, and Gertrude Braun scholarships. The Gertrude Braun scholarships were awarded on the basis of scholarship only.
   B. Received and considered two appeals from students to waive University loan requirements.
   C. Worked with the Administration to secure a separate National Defense Student Loan fund for the University of Wisconsin - Milwaukee.
   D. Voted to limit the amount which a student may borrow for a summer session under the N.D.S.L. Program to $300.00.
   E. Voted to continue the present UW-M policy which requires parents to sign the Affidavit of Non-Support in the presence of a Notary Public.
   F. Voted to continue the present UW-M policy which requires the co-signature of a parent or legal guardian on the University Loan promissory note of any student borrower under 21 years of age.
   G. Prepared and submitted to the Committee on Loans and Undergraduate Scholarships a report on the projected student loan and undergraduate scholarship needs of UW-M for the year 1972. Most of the need for loan funds by 1972 will be met now that the UW-M has a separate N.D.S.L. Fund allocation, the State Welfare Loans are more readily available, and the University is participating in the United Student Aid Loan Program. A large expansion in scholarship funds will be required to continue the present scholarship program with the predicted student enrollments of 1972.
   H. Prepared and submitted to the Administration a recommendation on the scholarship program at the UW-M. The Committee recommended the continuation of the present All-University scholarship program with some minor changes. The Committee believes that the present All-University competition for scholarships on the basis of scholarship and worth, with the size of the stipend based on need, is fair and equitable to the students at all of the divisions of the University of Wisconsin.
