Annual Report of the Archives Committee, 1963-64

Preliminary arrangement of the Archives of the University of Wisconsin - Milwaukee has been completed, on the mezzanine of the Downtown Campus Library, and the Archives are now available for search and use under certain conditions. Additional funds should be provided in the UW-M Library budget to complete the arrangement of the Archives, and to continue the gathering and conservation of other scattered archival materials. Transfer of the Archives to a Kenwood Campus location awaits decisions on space allocated in Kenwood Campus library buildings.

No policy questions regarding collection, arrangement, or use of the Archives were referred to the committee this year, and meetings were held solely for organization of the committee and adoption of this report.
