Non Resident Tuition Remission Resolution

REFERRED BACK TO COMMITTEE: Faculty Senate, 05-13-10

Motion: The Economic Benefits Committee recommends to the UWM Administration that a Non Resident Tuition Remission, if requested, be granted to the UWM employee’s spouse/domestic partner.

Rationale: A spouse/domestic partner of a staff member is eligible for in state tuition if they are together at the time employment is extended. However, if this occurs after the staff member joins UWM and if the spouse/domestic partner is from out of state or country, he/she is not eligible for in state tuition for the first year. Providing Non Resident Tuition Remission during this period will allow us to attract and retain qualified staff.
