Annual Report of the Athletic Board, 1964-65

I. The Athletic Board, which represents the faculty in control of intercollegiate athletics, presents its annual report to inform the faculty of the establishment and nature of the athletic program. The responsibilities of the Athletic Board are defined under the rules and regulations of the University of Wisconsin - Milwaukee (p. 26) and as amended at the April, 1961, faculty meeting.

Intercollegiate competition is carried on in the following sports: cross country and track, football, basketball, swimming, golf, wrestling, baseball and tennis. This year we informally sponsored soccer, on a club basis, and had several informal meets.

The present coaching staff is as follows:

H. Kluge - Athletic Director and Swimming Coach
W. Dreyer - Head Football Coach and Golf Coach
G. Golembiewski - Football Line Coach (Part-time)
W. Ritter - Baseball Coach and Assistant Football Coach
R. Krozoska - Basketball Coach, Tennis Coach, Assistant Football Coach
J. Tierney - Track and Cross Country Coach
D. Bartkowiak - Wrestling Coach (Part-time)

The competitive record for 1964-65 is as follows:

Cross Country team also placed second in the Whitewater Invitational and second in the State AAU.

Track, baseball, tennis and golf seasons are not as yet completed.

This was the first year we competed on an independent basis. Student and community interest, as indicated by attendance reports, has improved tremendously. New schools, within our competitive ability, will be added in the future.

Total number of participants in all sports was approximately 400.

II. General Review of Activities of the Athletic Board During the Year

In March of 1964 a special committee was appointed to study the overall position and role of Inter-Collegiate Athletics in the University. This Committee made a full report to the Board which resulted in the following actions related to inter-collegiate athletics in the University:

A. A special sub-committee consisting of Colonel Robert Crowley and Professor Robert Stuckert was established to consider specifically what type of financial aids would be made available to students who participate in inter-collegiate athletics, and how these aids should be administered.

B. While the problem of administration of joint appointments in connection with the School of Education has not been completely resolved, progress has been made this year in developing policy which would cover University staff with this appointment status. Consideration is being given to the following options:

1. Joint appointment with the Department of Inter-Collegiate Athletics and other academic units.
2. Full time appointment in the Department of Inter-Collegiate Athletics
3. Full time appointment in another division of the University with the Department of Inter-Collegiate Athletics using the services of this person when the activity of the participating sport demanded it.

C. The Athletic Board participated with other units of the University in the deliberations which eventuated in the modification of the School mascot, colors, and song.

The Athletic Board wishes to call the attention of the Faculty to Faculty Document 225, April 11, 1963, Section entitled "Space Problems and the Inter-Collegiate Program". This section of the document stated that it would be necessary immediately to develop plans for additional land and facilities for the Inter-Collegiate Athletic Program. Practice fields, intra-mural facilities, playing fields, are either scheduled for buildings sites or have buildings already being erected upon them. The Board is not aware of any specific plans being developed to replace these lost facilities and would like to urge the Faculty and the Administration to give urgent attention to this problem which will be starkly apparent within a short period of time.
