The Faculty Lounge was successfully retained for Faculty use in October due to the concerted efforts of individual Faculty members, the Faculty Women, and the following Faculty Committees:

The University Committee-Milwaukee
Buildings and Space Utilization Committee
Faculty Lounge Committee

Since then the room has been used for multiple purposes:

1. Service of coffee and rolls during registration.
2. The annual all-faculty-staff Christmas tea.
3. Coffee hour before regular Faculty meetings.
4. Provision for meeting place for the following special groups:
   - Monthly meetings of the retired faculty
   - Social events of the faculty women
   - A Saturday social hour for the Wisconsin Psychological Association
   - Tea and reception by the English Department for new members and spouses
   - A Christmas party for the staff of the Admissions and Records Department
   - An afternoon tea for an Extension Group
   - Faculty receptions for visiting scholars

During the year the room was redecorated under the capable management of Dora von Bargen and the tables were refinished. Arrangements also were made for the cleaning of the furniture and draperies. Fireplace wood was also provided to give comfort and cheer for special events.

The Lounge Committee is eager to have the room used to its fullest extent and welcomes Faculty and Staff members individually or in groups to share its comforts. The Committee exercises general supervision over the room, but wishes all Faculty and Staff to feel welcome. We feel that the room serves a real need in providing privacy from student intrusion and as a place to meet your friends and relax.
