The Committee was contacted January 3, 1966, by the Chairman of the UWM Course and Curriculum Committee regarding a possible conflict between the goals and operations of his Committee and those of the Student-Faculty Committee. Specifically, it was proposed that a Student Government-appointed Committee should participate on the UWM Course and Curriculum Committee. The Student-Faculty Committee agreed unanimously that some overlap of responsibilities existed, but it would be to the advantage of the Course and Curriculum Committee's proposal to continue its liaison initiated in early December with the Student Government officials.

Student-Faculty Conference Committee on Educational Affairs
A. Brunhumer
J. Park
R. Pirie (Chairman)
