ANNUAL REPORT OF THE STUDENT COUNSELING AND GUIDANCE COMMITTEE

The Student Counseling and Guidance Committee met in December, 1957 to hear and discuss a report by Dean Butler concerning a proposed questionnaire for freshman students. The reasons for such a questionnaire are the following:

1. To identify students having trouble and desirous of help.

2. To give the students information about the services available to them.

3. To let the student know that the office of the Dean of Student Affairs and other offices in the Student Personnel program stand ready to assist him.

4. To discover student awareness, or lack of it, of such student services.

5. For research purposes.

The Committee approved the introduction of such a questionnaire to all freshmen in the first semester of 1958-59. Distribution to students will be through English 1a classes during the week following the six weeks grade report.

STUDENT COUNSELING AND GUIDANCE COMMITTEE:

A. Baggaley
D. Ernst, Secretary
L. Griggs
