Annual Report of the ad hoc UWM Codification Committee, 1966-67

101 The functions of this Committee are those of:

102 (A) Undertaking a review of faculty regulations, procedures, and committee structure.

103 (B) Recommending to the Faculty upon the Committee's initiative, or by request of the University of Wisconsin - Milwaukee University Committee, or at the direction of the Faculty -- appropriate changes in faculty regulations, procedures, and committee structure. Such recommendations shall be made only after consultation with the faculty committee or other body concerned or affected.

109 (C) Assisting and advising the Secretary of the Faculty or other appropriate administrative official in updating the "Rules and Regulations Governing the University of Wisconsin - Milwaukee".

110 1. To the end of April, the Committee had met 17 times during this academic year. It has consulted with and/or given advice to the Vice Chancellor, the Dean of the UWM Graduate School, the chairman of the University Committee - Milwaukee, the chairman of the University Faculty Council, and the all-University Codification Committee.

117 2. Chapter 6, the University Faculty - Milwaukee, was prepared, presented and adopted by the UWM Faculty (March 9, 1967). This replaces AS 5.0 - AS 5.061 of the Blue Book, "Rules and Regulations Governing the University of Wisconsin - Milwaukee," dated October 1958.

123 3. A survey of UWM committees was initiated pursuant to Faculty approval (Nov. 10, 1966) of the recommendation of the Committee. To this end, the Committee asked all appropriate committees to respond by Feb. 1, 1967 to a questionnaire dealing with their functions and membership and recommended changes therein, if any. Not all committees were able to respond by the suggested deadline, and, in addition, the resultant workload for this Committee has made it unfeasible to have processed all of these in time for these changes to be included in the recommendations with respect to membership and/or function changes of various committees to be included in their reports at the April and May Faculty meetings. However, the Committee plans to continue its processing of these proposals this spring and summer. Even so, it is recognized that there is an imminent need for a more complete rationalization of the UWM committee structure and the Committee foresees that even some of the membership and function changes now recommended by the various committees and concurred in by this Committee may need further change when the complete codification of the UWM committee structure is achieved.

139 This report is being submitted as the last report of the ad hoc UWM Codification Committee, since the Faculty, by action on November 10, 1966, made this a standing Faculty committee composed of 6 members of the teaching Faculty, 3 appointed by the Chancellor and 3 elected by the Faculty.
