Annual Report and Recommendation of the Graduate Committee, 1966-67

The Committee has focused its major attention during the past year on steps that should be taken to provide elected faculty representation on the Administrative Committee of the Graduate School. Five meetings were held including a joint meeting with the Administrative Committee of the Graduate School.

The results of these discussions were incorporated into the following recommendations to the UWM Graduate Faculty and were approved on April 26, 1967 by that group.

A. That the Administrative Committee of the Graduate School and the elected UWM Graduate Committee be merged into a single Administrative Committee of the Graduate School.

B. That the Committee be composed of the Graduate School Dean, the principal Associate Dean of the Graduate School, seven elected members and six appointed members.

C. That the elected members shall be nominated by the UWM Committee on Nominations and Elections following its usual procedures. All nominees must be members of the Graduate Faculty as currently defined. All members of the UWM faculty will be eligible to vote.

D. That no more than four of the elected members be from the same school, college or division.

E. That for the first year the three elected members receiving the most votes serve for a three-year term; the two elected members receiving the next highest number of votes serve for a two-year term; and the two elected members receiving the fewest votes serve for a one-year term. That in subsequent years either two or three members be elected as appropriate.

F. That the appointed members be appointed by the Chancellor following the election.

G. That upon election of the new Committee the present elected committee and the present Administrative Committee will be dissolved.

Recommendation to the UWM Faculty: That upon implementation of the above actions, the elected University of Wisconsin - Milwaukee Graduate Committee be dissolved.
