It has been traditional that Social Welfare students receive a Bachelor of Science degree, however, the School of Social Welfare has followed, since September 1965, the new Bachelor of Arts degree requirements established by the College of Letters and Science. Our students now need to have clear provisions for the establishment of a B.S. degree for the School of Social Welfare. Experience has now helped us to determine a degree program for our needs.
101 Bachelor of Science in Social Welfare

102 Section I Elementary Requirements for all Students

103 A. Proficiency in English
104 Established by one year of freshman English with possible exemptions.

105 B. Mathematics

105 1. Three years of high school mathematics (algebra, geometry, or
107 trigonometry), or
108 2. Completion of a college course in algebra, or
109 3. Completion of a college course in basic mathematics, or
110 4. Completion of a college course in logic.

111 C. Foreign Language

112 1. The equivalent of 14 credits in one foreign language, (or by
113 examination), or
114 2. Sixteen credits in two foreign languages (only if two years of
115 high school Latin are offered in partial satisfaction.)

115 Requirements in Section I should be completed by the end of the sophomore
117 year. These requirements can be satisfied by:

118 1. High school courses, or
119 2. College courses, or
120 3. Examination, or
121 4. Any combination of the above

122 WE ARE ONLY DELETING THE NEW B.A. REQUIREMENTS OF L&S IN LANGUAGE AND
123 MATHEMATICS.

124 Section II (Credits taken in Section I can be applied to satisfy require-
125 ments in this section.)

126 A. Humanities
127 Twelve credits--must include six credits in literature selected
128 from the following:

129 1. Sophomore level courses in English or American Literature
130 2. Literature courses beyond the intermediate level in foreign
131 languages,
132 3. Comparative literature 107 and 108.

133 Not more than six credits of sophomore level English and American
134 literature may be counted toward the 12 credit humanities requirement.

135 B. Natural Sciences
135 Ten credits in the natural sciences including two semesters of
137 laboratory science

138 WE ARE DROPPING FIVE CREDITS FROM THE SCIENCE REQUIREMENTS. WE WISH
139 TO DIRECT STUDENTS TO SCIENCE COURSES WHICH WILL BE MOST HELPFUL AS
140 PART OF THEIR GENERAL EDUCATION RATHER THAN JUST "MEETING REQUIREMENTS".

UWM Fac. Doc. 437, March 14, 1968
Section III United States History and Institutions

This has been added

The requirements in United States history and institutions may be satisfied in one of two ways:

1. By completing satisfactorily, in college, a continuous year course in United States History from History 201-202, 621-622, 633-634, 637-638; or two semester courses in chronological sequence (i.e., any two consecutively numbered semester courses chosen from the following: History 603, 605, 507, 609, 611, 613, 615, 517, 619.)

2. By combining a semester in advanced United States History with any one of the following courses: Economics 100, 103, 201; Geography 504; Philosophy 439; Political Science 104, 105, 404, 405, 411, 412, 471, or 565; Sociology 278. The student may choose the semester of history from any one of the courses listed in the bulletin under American history and numbered above 600; or he may complete either semester of one of the following year courses: History 621-622, 633-634, or 637-638.

Section IV Major requirements

The undergraduate social welfare major consists of a minimum of fifty (50) hours of academic credit and a maximum of 65 credit hours. Of these, a minimum of twenty (20) hours of social welfare courses are required and 30 social science or approved courses.

SECTION A. Social Welfare Requirements

The required courses for social welfare majors total eleven (11) hours as follows:

1. 896-105 Social Problems and Social Welfare 3 credits
2. 896-426 Skills and Techniques of Social Work Practice 3 credits
3. 896-662 Methods of Social Welfare Research 3 credits

Plus two credits chosen from this area:

4. 896-111 Field Observation 1 credit
896-112 Field Observation 1 credit
896-521 Field Experience 1 credit
896-522 Field Experience 1 credit

5. Plus 9 credits of electives to be taken in courses offered for social welfare credit 9 credits

= 9 CREDITS

= 20 CREDITS

SECTION B. Social Science Requirements:

1. Completion of a program of study in depth (termed the area of concentration) in one of the Social sciences (economics, political science, sociology, psychology, and anthropology) with a minimum of 15 credits.

= 15 CREDITS
2. Completion of a minimum of 15 credits in at least two other of the social sciences (economics, political science, sociology, psychology, and anthropology.)

= 15 CREDITS

TOTAL MAJOR CREDITS 50-65

We have a sixty-five (65) credit maximum established in the Social Welfare major. This gives the student an opportunity to do more advanced work in the humanities, and the natural and social sciences.
