Annual Report of the Archives Committee
1967-68

The Archives Committee has continued to advise on the collection,
preservation, and use of those UWM records and memorabilia which are no
longer needed for day to day operations in all parts of the University.
It consults primarily with Mr. Donald Woods as Curator of the UWM Archives.
This year the Archives have been augmented by an unusually large
number of important accessions, including records from the Chancellor's
office and from the Milwaukee operations of the University Extension. The
curator has just completed for general University use the first publication
prepared from archival materials, a brief identification and description
of all UWM buildings.
