I. **Functions:** The Evening Division Committee is charged with the following functions: To advise and consult with the Director of the Evening Division in regard to the general operations of the Evening Division, with particular reference to: selection of new courses to be offered, determination of plans for long range development, improvements in instruction and procedures, interpretation of Faculty and community attitudes relating to the program, and coordination of day and evening programs of the UW-M.

II. **Summary of activities during 1957-58:** The committee recommended to the Provost the release of the "Report of the ad hoc Committee to Study the Structure of the Evening Division of UW-M." The report was released as Faculty Document 29, January 9, 1958.

III. **Recommendations for Faculty action:** Historically, the functions assigned to the Evening Division Committee were appropriate as a means of exercising faculty control over the academic aspects of the Evening Division. With the growth and development of the individual colleges, schools, and divisions of the University of Wisconsin-Milwaukee as academic units operating coordinated day and evening programs, these academic functions are now being performed by the appropriate departments within the respective academic units of the University.

   It is therefore recommended that the Evening Division Committee of the University of Wisconsin-Milwaukee be removed from the roster of standing committees of the Faculty of this institution.
