I. Introduction

The Student Life and Interests Committee provides for joint student-faculty participation in the evaluation and improvement of all aspects of student extracurricular activities. It has jurisdiction, subject to faculty direction and control, over all extracurricular activities and interests of UWM students. The Committee has met twelve times to date and has three meetings scheduled yet this year. One faculty member and one student were added to the Committee's membership bringing the total to 22. At least one of the student members of SLIC is to represent a culturally distinct group. The sub-committees consider in depth specific subject-matter areas. They are (1) Finance, (2) Program Evaluation and Development, (3) Publications, and (4) Student Organizations and Legislative Review. Meetings are held in Room 221 of the Union and are open to all students and faculty members. Minutes are sent to interested persons upon request.

II. Discussions and Actions of SLIC

B. Report of Subcommittee on Program Evaluation and Development

When the Program Evaluation and Development Subcommittee met in the fall, it was discovered the Committee had apparently not been active in past years. The charge to and definition of the subcommittee were not clear, and therefore, the first order of business was to set priorities for subcommittee review from the broad areas of programming at UWM.

The subcommittee decided the most productive approach would be to follow-up on research being done on student attitudes to determine the weak areas of program at UWM and then to make recommendations for program development in the areas where need is indicated by analysis of the research. Heavy emphasis will be given to the process of programing and the involvement of students in that process.

C. Report of Subcommittee on Publications

During 1968-69 the SLIC Subcommittee on Publications met to evaluate currently active publications on campus - the UWM Post and the Tempest (formerly Cheshire). A report on these publications was

UWM FAC. DCC. NO. 511, MAY 8, 1969
submitted to SLIC on February 19, 1969. The following recommendations were made by the committee and approved by SLIC at the meeting:

1. That the $1400 budget proposed by the editor of *Tempest* for 1969-70 be approved.
2. That the Post staff exert continuing effort toward more inclusive reporting of campus news.
3. That UWM allocate adequate funds to maintain sufficient staff and assure continued growth of the Post.

Two new publications requested approval from SLIC to publish and distribute newsletters on campus. One request was submitted by the UWM Student Chapter of the American Institute of Architects for a newsletter entitled "Perspectives," and the other by the UWM chapter of Students for a Democratic Society for a newsletter entitled "The People's Century." Copies of these publications were filed with SLIC. The subcommittee studied and discussed the publications, with particular reference to printing commitments and manner of campus distribution. Approval of them was recommended by the committee and passed at the April 2, 1969 SLIC meeting.
