In response to instructions from the UWM Faculty Senate meeting of Thursday, April 9, 1970, the Lectures Committee unanimously recommends that the Senate adopt the following resolution:

The UWM Faculty Senate urges the Administration to recognize that an emergency exists with regard to outside lectures; no funds are available for the 1970-71 academic year from the Knapp Bequest, which usually provides support for outside speakers. These lectures are in integral part of the educational process, and their loss for an entire year would seriously deprive the campus and the community of the opportunity to hear nationally know authorities.

The Senate urges both the Central Administration and the UWM Administration to make every effort to provide adequate funds for the continuation of this program; faculty members are ready to help the Administration, upon its request, to secure additional funds.
